Measure Description:

Requires contracting agency before conducting procurement to conduct study concerning how procurement will affect local area in which work in connection with procurement will occur and to post results of study to contracting agency's website and to Oregon transparency website.

Government Unit(s) Affected:

Statewide

Local Government Mandate:

This bill does not affect local governments' service levels or shared revenues sufficient to trigger Section 15, Article XI of the Oregon Constitution.

Analysis:

This fiscal impact statement is for the purpose of transmitting the measure from the House Committee on Consumer Protection and Government Effectiveness to the House Committee on Rules. The bill modifies public contracting laws and requires agencies to study how a potential procurement will affect the local area where the work is to be performed. The measure also modifies the law relating to the costs analysis process and requires agencies to demonstrate that costs of procurement will be at least ten percent less than using the agency's internal personnel and other resources. It is anticipated that there is a fiscal impact associated with this bill, but the amount of this impact is still being determined. A more complete fiscal analysis on the bill will be prepared as the measure is further considered
