**The revenue impact of this measure is indeterminate for the following reasons:**

The number of cases where defendants must complete a drug treatment program or where criminal fines are likely to be waived is unknown. Thus the impact of the measure on criminal fine revenues is unknown. Moneys collected for these purposes are paid into the Criminal Fine Account (CFA). A portion of CFA revenues are used to fund a number of programs throughout the state, and the remainder is transferred to the General Fund. A reduction to the amount of monies collected into this account might have an impact on the funding available for other state programs.
