Versions are Considered Official***

Measure Description: Provides that the Superintendent of Public Instruction and the State Board of Education may not make or authorize certain calculations, except as specified, related to aggregate days membership and weighted average daily membership. First applies to the 2015-16 State School Fund distribution. Takes effect on July 1, 2015.

Revenue Impact (in \$Millions): Further analysis is required

Impact Explanation: The changes proposed in the bill have a potential impact on the way the average daily membership (ADM) is calculated. If fractional calculations are not allowed and each ADM is rounded to either 0.5 or 1, there could be a substantial addition to total weights for the purpose of State School Fund distributions.

The bill has a subsequent referral to the House Revenue Committee. Further analysis will be done when it reaches the committee.

Creates, Extends, or Expands Tax Expenditure: No
