Measure Description:

Directs Teacher Standards and Practices Commission to establish standards that allow certain persons to teach noncore courses.

Government Unit(s) Affected:

Department of Education, Teacher Standards and Practices Commission

Analysis:

The proposed legislation has been determined to have
MINIMAL EXPENDITURE IMPACT
on state or local government.

While this individual measure has a “Minimal” fiscal impact, an agency may incur a net fiscal impact greater than minimal depending on the cumulative impact of all measures enacted into law that affect the agency.

This fiscal impact assumes that funding for costs to school districts, associated with the teaching of non-core courses, will be sought from the Career and Technical Education (CTE) grant program through the Oregon Department of Education.
