BACKGROUND:

Oregon's need-based financial aid program, the Oregon Opportunity Grant (OOG), has not been reevaluated since the adoption of the state's 40-40-20 goals for higher education. The Higher Education Coordinating Commission (HECC) convened a Financial Aid Work Group to study the OOG program and make recommendations focusing on improved student access and completion for students with the greatest need and progress toward 40-40-20. Currently, grants are awarded on a first-come first-served basis and the number of applicants greatly exceeds the available funds.

House Bill 2407 directs the HECC to implement programs to ensure that students with the greatest financial need are prioritized and that those receiving the OOG for one year also receive the grant a second year if they continue to meet qualifying criteria.
