Revenue Summary

House Bill 3362 provides a one-time General Fund appropriation to the Oregon Department of Agriculture (ODA) to fund the development of a bee incident reporting system. The bill also changes the fee structure in ORS 602.090 (registrants of five or more bee colonies) from a flat fee of \$10/\$20 to a flat fee of \$10/\$20 plus \$0.50 per colony. This change is anticipated to generate approximately \$21,200 in Other Funds revenue.

Summary of Transportation and Economic Development Subcommittee Action

House Bill 3362 directs Oregon State University (OSU) to expand the pollinator Health Program created in House Bill 4139 (2014). OSU, in consultation with ODA, is directed to develop a pollinator health outreach and education plan to educate the public. The bill also directs ODA to develop a bee incident reporting system to facilitate public reporting of incidents related to pollinator health to the department.

House Bill 3362 specifies that all funds collected from ORS 602.090 (registration of five or more bee colonies) are to be spent on pollinator research that is predominantly focused on honeybees. Additionally, ODA is required to apply \$10 from each Pesticide Product Registration Fee (collected before January 1, 2019) to fund education and outreach efforts.

The Subcommittee provided ODA with a one-time General Fund appropriation of \$50,000 for the purpose of developing the bee incident reporting system as required in the bill. It is not anticipated that ODA will need additional Other Funds expenditure limitation to implement the research, outreach, or education efforts required under the bill.

OSU estimates a fiscal impact of approximately \$250,000 for developing educational and outreach activities for both pollinator health and pesticides use. However, OSU reports that this work can be accomplished within the additional \$14.0 million above current service level provided to the Statewide Public Service Programs in the Higher Education Coordinating Commission’s budget bill (House Bill 5024).
