24 **SECTION 20.** ORS 458.528 is amended to read:

25 458.528. (1) As used in this section, “homelessness” means the lack of a decent, safe, stable and
26 permanent place to live that is fit for human habitation.

27 (2) The Legislative Assembly finds and declares that:

28 (a) Homelessness is a detriment to individuals, families and communities. The effects of
29 homelessness impact quality of life, productivity and self-sufficiency, career and educational oppor-
30 tunities, health and wellness. Those effects may also extend to future generations.

31 (b) Preventing and ending homelessness is important for all levels of government, business and
32 the community.

33 (3) The Housing and Community Services Department and the Department of Human Services
34 shall serve as the lead agencies in administering the state policy regarding homelessness. [*The*
35 *Interagency Council on Hunger and Homelessness shall advise the departments in carrying out the*
36 *policy.*]

37 (4) It is the policy of this state that the [*departments and the council*] **Housing and Community**
38 **Services Department, the Department of Human Services, the Oregon Housing Stability**
39 **Council and the Community Action Partnership of Oregon** work to encourage innovation by
40 state, regional and local agencies that will create the comprehensive and collaborative support
41 system and housing resources vital for a successful campaign to end and prevent homelessness. The
42 comprehensive and collaborative support system should include, but not be limited to:

43 (a) The redesign of existing response systems to homelessness to include a realignment of ser-
44 vices with permanent housing.

45 (b) The inclusion of community-based treatment, outreach services, early intervention strategies,

1 housing and service management and an interagency system that can address individuals with com-
2 pound needs.

3 (c) The coordination of multiagency services provided to people with chronic needs, older adults
4 and homeless and runaway youths, including but not limited to criminal justice, housing, public
5 welfare, health, mental health and youth and family services, to create integrated and cost-effective
6 programs that deliver housing and service needs of homeless persons in a seamless and timely
7 manner.

8 (d) Programs of care for the homeless that have an accompanying set of outcomes to increase
9 accountability and further development of more effective methods in reaching client outcome goals
10 and cost effectiveness. Outcomes for increasing the accountability of programs of care for the
11 homeless include shortening the length of stay in emergency housing, eliminating repeated periods
12 of homelessness and addressing the issue of homelessness in all areas of the state.

13 (e) An individualized approach to the homeless person that includes an assessment of individual
14 needs, identification of appropriate solutions that may include services, coordination and cost-
15 effective use of support across agencies and appropriate monitoring and evaluation of the homeless
16 person's individual progress.

17 **SECTION 21.** ORS 458.530 is amended to read:

18 458.530. (1) The [*Housing and Community Services Department*] **Department of Human Services**
19 shall serve as the lead public body in administering the state policy on hunger.

20 (2) The Legislative Assembly finds and declares that it is the policy of this state that:

21 (a) Hunger is defined as the state of being unable to obtain a nutritionally adequate diet from
22 nonemergency food channels. Hunger is not one discrete event. Hunger is a series of events that
23 lead up to and follow a lack of adequate food intake. It is the process in which people become at

25 quences.

26 (b) All persons have the right to be free from hunger.

27 (c) Freedom from hunger means all persons have food security. Persons lack food security if
28 they are uncertain of having, or being able to acquire in socially acceptable ways, enough accepta-
29 ble food at all times to meet basic needs because they have insufficient money or other resources
30 for food.

31 [*(d) Oregon will rank among the top 10 states in providing food security without hunger by*
32 *2015.*]

33 **(d) Oregon will strive to rank among the top states in the nation in providing food se-**
34 **curity without hunger.**

32 **SECTION 25.** ORS 458.625 is amended to read:

33 458.625. (1) The Housing and Community Services Department may use the following to expand
34 this state's supply of housing for low and very low income families and individuals, including, but

10 for its general operations.

11 (D) To match public and private moneys available from other sources for production of housing

15 (3) The department shall give preference in making grants or loans to those entities that the
16 department determines will:

17 (a) Provide the greatest number of housing units for persons with low or very low incomes that

21 (b) Ensure the longest use for the units as housing for persons with low or very low incomes;

30 (b) Account moneys and account investment revenue not used by the department as grants or
31 loans to construct, acquire or rehabilitate housing for persons with low or very low incomes may
32 be retained and credited as account principal.

33 (5) The [*State Housing Council*] **Oregon Housing Stability Council** shall have a policy that
34 provides for distribution by the department of account moneys and account investment revenue

37 mined by the council.

38 (6) The department may set interest rates on loans made with account moneys and account in-

41 458.630. (1)(a) The Housing and Community Services Department may hold and use the principal
42 that is credited to the Housing Development and Guarantee Account as the Guarantee Fund. The
43 department may use the fund to guarantee repayment of loans made to finance the construction,
44 development, acquisition or rehabilitation of low income housing, of the commercial component of
45 a structure that contains both commercial property and low income housing, or of both. The de-

1 partment, by rule, shall specify the grounds on which it may deny loan guarantees for a structure
2 that contains both commercial and low income housing components. The grounds for denial speci-
3 fied by the department must include, but need not be limited to, a commercial component that is
4 excessive in scope or that is designed for commercial activity of a type incompatible with residential
5 housing. The [*State Housing Council*] **Oregon Housing Stability Council** shall review loans that are
6 guaranteed by the fund to ensure that the loans meet prudent underwriting standards.

7 (b) A guarantee may not be prepared or construed in such a manner as to violate the provisions
8 of section 7, Article XI of the Oregon Constitution.

9 (2) The department may not issue any loan guarantee under this section that guarantees the
10 repayment of more than 50 percent of the original principal balance of any loan.

11 (3) The department may not issue a loan guarantee if the guarantee would cause the aggregate
12 dollar total of all loan guarantees issued by the department under this section to exceed two times
13 the total amount then in the Guarantee Fund established under subsection (1) of this section.
14 Notwithstanding ORS 458.625, whenever payouts on loan guarantees cause the fund principal to
15 decrease by five percent or more, the interest on the fund shall be deposited only to the principal
16 account until the amount of the fund principal lost due to payouts on loan guarantees is restored.

17 (4) Subject to council review under subsection (1) of this section, the department shall give
18 preference for loan guarantees under this section to loans for the construction, development, ac-
19 quisition or rehabilitation of low income housing, or of structures containing both commercial and
20 low income housing components, that the department determines will:

21 (a) Provide the greatest number of low income housing units constructed, acquired, developed
22 or rehabilitated for the amount of guarantee allowed;

23 (b) Ensure the longest possible use for the units as low income housing units. Pursuant to this
24 end, the [*State Housing Council*] **Oregon Housing Stability Council** may adopt a formula that op-
25 timizes the interests of the lender and the developer and the working life of the low income units;
26 or

27 (c) Include a program of services for the occupants of the proposed housing including, but not
28 limited to, programs that address home health care, mental health services, alcohol and drug treat-
29 ment and post-treatment care, child care and case management.

30 (5) The council may adopt a policy that gives loan guarantee preference to loans for low income
31 housing, or structures containing both commercial and low income housing components, for which
32 the department has provided a grant, loan, tax credit or other investment.

33 **SECTION 27.** ORS 458.650 is amended to read:

34 458.650. (1) The Emergency Housing Account shall be administered by the Housing and Com-
35 munity Services Department to assist homeless persons and those persons who are at risk of be-
36 coming homeless. An amount equal to 25 percent of moneys deposited in the account pursuant to
37 ORS 294.187 is dedicated for expenditure for assistance to veterans who are homeless or at risk of
38 becoming homeless. For purposes of this section, "account" means the Emergency Housing Account.

39 (2) The [*State Housing Council*] **Oregon Housing Stability Council** shall develop policy for
40 [*giving*] **awarding** grants to organizations that shall use the funds to provide to low and very low
41 income persons, including but not limited to, persons more than 65 years of age, persons with disa-
42 bilities, farmworkers and Native Americans:

43 (a) Emergency shelters and attendant services;

44 (b) Transitional housing services designed to assist persons to make the transition from
45 homelessness to permanent housing and economic independence;

1 (c) Supportive housing services to enable persons to continue living in their own homes or to
2 provide in-home services for such persons for whom suitable programs do not exist in their ge-
3 ographic area;

4 (d) Programs that provide emergency payment of home payments, rents or utilities; or

5 (e) Some or all of the needs described in paragraphs (a) to (d) of this subsection.

6 (3)(a) The council shall require as a condition of awarding a grant that the organization dem-
7 onstrate to the satisfaction of the council that the organization has the capacity to deliver any
8 service proposed by the organization.

9 (b) Any funds granted under this section shall not be used to replace existing funds. Funds
10 granted under this section may be used to supplement existing funds. An organization may use funds
11 to support existing programs or to establish new programs.

12 (c) The council, by policy, shall give preference in granting funds to those organizations that
13 coordinate services with those programs established under ORS 458.625.

14 (4) The department may expend funds from the account for administration of the account as
15 provided for in the legislatively approved budget, as that term is defined in ORS 291.002, for the
16 department.

19 Community Services Department to expand this state's supply of homeownership housing for low and
20 very low income families and individuals, including, but not limited to, persons over 65 years of age,
21 persons with disabilities, minorities, veterans and farmworkers. An amount equal to 25 percent of
22 moneys deposited in the account pursuant to ORS 294.187 is dedicated for expenditure to expand this
23 state's supply of homeownership housing for low and very low income veterans and families of vet-
24 erans. The [*State Housing Council*] **Oregon Housing Stability Council** shall have a policy of dis-
25 tributing funds statewide while concentrating funds in those areas of this state with the greatest
26 need, as determined by the council, for low and very low income homeownership housing. However,
27 the council's policy of distributing funds may differ from the distribution policy for the Housing
28 Development and Guarantee Account.

29 (2) Funds in the Home Ownership Assistance Account shall be granted to organizations that
30 both sponsor and manage low income homeownership programs, including lease-to-own programs, for
31 the construction of new homeownership housing or for the acquisition or rehabilitation of existing
32 structures for homeownership housing for persons of low or very low income, or both.

33 (3) The council shall develop a policy for disbursing grants for any or all of the following pur-
34 poses:

35 (a) To aid low income homeownership programs, including program administration, in purchas-
36 ing land, providing assistance with down payment costs, or providing homeownership training and
37 qualification services or any combination thereof. Funds in the Home Ownership Assistance Account
38 may not be used by an organization to pay for its general operations or to pay for more than 25
39 percent of construction or rehabilitation costs.

40 (b) To match public and private moneys available from other sources for purposes of the pro-
41 vision of low or very low income homeownership housing.

42 (c) To administer the Home Ownership Assistance Account as provided for in the legislatively
43 approved budget, as that term is defined in ORS 291.002, for the department.

44 (4) The council, in developing policy under subsection (3) of this section, shall give preference
45 in making grants to those entities that propose to:

1 (a) Provide the greatest number of low and very low income homeownership housing units con-
2 structed, acquired or rehabilitated for the amount of account money expended by matching account
3 funds with other grant, loan or eligible in-kind contributions;

4 (b) Ensure the longest use for the units as low or very low income homeownership housing units,
5 such as by including some form of equity recapture, land trust or shared equity provisions, as de-
6 termined by the council;

7 (c) Include social services for occupants and proposed occupants of the proposed housing, in-
8 cluding but not limited to, programs that address home health care, mental health care, alcohol and
9 drug treatment and post-treatment care, child care, homeownership training, mortgage qualification
10 service, credit repair and case management; and

11 (d) Support a comprehensive strategy to reverse the decreasing rates of homeownership among

35 and rural communities.

36 (2) The use of lottery bond proceeds is authorized based on the following findings:

15 velopment, acquisition or rehabilitation is made.

16 (3) The maximum amount of credit for the difference between the amounts described in sub-
17 section (2)(a) and (b) of this section may not exceed four percent of the average unpaid balance of
18 the qualified loan during the tax year for which the credit is claimed.

19 (4) Any tax credit allowed under this section that is not used by the taxpayer in a particular
20 year may be carried forward and offset against the taxpayer's tax liability for the next succeeding
21 tax year. Any credit remaining unused in the next succeeding tax year may be carried forward and
22 used in the second succeeding tax year, and likewise, any credit not used in that second succeeding
23 tax year may be carried forward and used in the third succeeding tax year, and any credit not used
24 in that third succeeding tax year may be carried forward and used in the fourth succeeding tax year,
25 and any credit not used in that fourth succeeding tax year may be carried forward and used in the
26 fifth succeeding tax year, but may not be carried forward for any tax year thereafter.

27 (5) To be eligible for the tax credit allowable under this section, a lending institution must make
28 a qualified loan by either purchasing bonds, as defined in ORS 286A.001, issued on behalf of the
29 Housing and Community Services Department, the proceeds of which are used to finance or refi-
30 nance a loan that meets the criteria stated in this subsection, or by making a loan directly to:

31 (a) An individual or individuals who own a dwelling, participate in an owner-occupied commu-
32 nity rehabilitation program and are certified by the local government or its designated agent as
33 having an income level when the loan is made of less than 80 percent of the area median income;

34 (b) A qualified borrower who:

35 (A) Uses the loan proceeds to finance construction, development, acquisition or rehabilitation
36 of housing; and

37 (B) Provides a written certification executed by the Housing and Community Services Depart-
38 ment that the:

39 (i) Housing created by the loan is or will be occupied by households earning less than 80 percent
40 of the area median income; and

41 (ii) Full amount of savings from the reduced interest rate provided by the lending institution is
42 or will be passed on to the tenants in the form of reduced housing payments, regardless of other
43 subsidies provided to the housing project;

44 (c) Subject to subsection (14) of this section, a qualified borrower who:

45 (A) Uses the loan proceeds to finance construction, development, acquisition or rehabilitation

1 of housing consisting of a manufactured dwelling park; and

2 (B) Provides a written certification executed by the Housing and Community Services Depart-
3 ment that the housing will continue to be operated as a manufactured dwelling park during the pe-
4 riod for which the tax credit is allowed; or

5 (d) A qualified borrower who:

6 (A) Uses the loan proceeds to finance acquisition or rehabilitation of housing consisting of a
7 preservation project; and

8 (B) Provides a written certification executed by the Housing and Community Services Depart-
9 ment that the housing preserved by the loan:

10 (i) Is or will be occupied by households earning less than 80 percent of the area median income;
11 and

12 (ii) Is the subject of a rent assistance contract with the United States Department of Housing
13 and Urban Development or the United States Department of Agriculture that will be maintained by
14 the qualified borrower.

15 (6) A loan made to refinance a loan that meets the criteria stated in subsection (5) of this sec-
16 tion must be treated the same as a loan that meets the criteria stated in subsection (5) of this sec-
17 tion.

18 (7) For a qualified loan to be eligible for the tax credit allowable under this section, the Housing
19 and Community Services Department must execute a written certification for the qualified loan that:

20 (a) Specifies the period, not to exceed 20 years, as determined by the Housing and Community
21 Services Department, during which the tax credit is allowed for the qualified loan; and

22 (b) States that the qualified loan is within the limitation imposed by subsection (8) of this sec-
23 tion.

24 (8) The Housing and Community Services Department may certify qualified loans that are eligi-
25 ble under subsection (5) of this section if the total credits attributable to all qualified loans eligible
26 for credits under this section and then outstanding do not exceed \$17 million for any fiscal year. In
27 making loan certifications under subsection (7) of this section, the Housing and Community Services
28 Department shall attempt to distribute the tax credits statewide, but shall concentrate the tax
29 credits in those areas of the state that are determined by the [*State Housing Council*] **Oregon**
30 **Housing Stability Council** to have the greatest need for affordable housing.

31 (9) The tax credit provided for in this section may be taken whether or not:

32 (a) The financial institution is eligible to take a federal income tax credit under section 42 of
33 the Internal Revenue Code with respect to the project financed by the qualified loan; or

34 (b) The project receives financing from bonds, the interest on which is exempt from federal
35 taxation under section 103 of the Internal Revenue Code.

36 (10) For a qualified loan defined in subsection (1)(i)(B) of this section financed through the pur-
37 chase of bonds, the interest of which is exempt from federal taxation under section 103 of the
38 Internal Revenue Code, the amount of finance charge that would have been charged under sub-
39 section (2)(b) of this section is determined by reference to the finance charge that would have been
40 charged if the federally tax exempt bonds had been issued and the tax credit under this section did
41 not apply.

42 (11) A lending institution may sell a qualified loan for which a certification has been executed
43 to a qualified assignee whether or not the lending institution retains servicing of the qualified loan
44 so long as a designated lending institution maintains records, annually verified by a loan servicer,
45 that establish the amount of tax credit earned by the taxpayer throughout each year of eligibility.

1 (12) Notwithstanding any other provision of law, a lending institution that is a community de-
2 velopment corporation organized under the Oregon Nonprofit Corporation Law may transfer all or
3 part of a tax credit allowed under this section to one or more other lending institutions that are
4 stockholders or members of the community development corporation or that otherwise participate
5 through the community development corporation in the making of one or more qualified loans for
6 which the tax credit under this section is allowed.

7 (13) The lending institution shall file an annual statement with the Housing and Community
8 Services Department, specifying that it has conformed with all requirements imposed by law to
9 qualify for a tax credit under this section.

10 (14) Notwithstanding subsection (1)(h) and (j) of this section, a qualified borrower on a loan to
11 finance the construction, development, acquisition or rehabilitation of a manufactured dwelling park
12 under subsection (5)(c) of this section must be a nonprofit corporation, manufactured dwelling park
13 nonprofit cooperative, state governmental entity, local unit of government as defined in ORS 466.706
14 or housing authority.

15 (15) The Housing and Community Services Department and the Department of Revenue may
16 adopt rules to carry out the provisions of this section.

17 **SECTION 47.** ORS 426.508 is amended to read:

18 426.508. (1) Notwithstanding ORS 421.611 to 421.630 or any actions taken under ORS 421.611 to
19 421.630, the Department of Corrections shall transfer the real property known as the F. H.
20 Dammasch State Hospital and all improvements to the Oregon Department of Administrative Ser-
21 vices to be sold for the benefit of the Oregon Health Authority.

22 (2)(a) Notwithstanding ORS 270.100 to 270.190, and except as provided in subsection (4) of this
23 section, the Oregon Department of Administrative Services shall sell or otherwise convey the real
24 property known as the F. H. Dammasch State Hospital in a manner consistent with the provisions
25 of this section. Conveyance shall not include transfer to a state agency. The sale price of the real
26 property shall equal or exceed the fair market value of the real property. The Oregon Department
27 of Administrative Services shall engage the services of a licensed real estate broker or principal real
28 estate broker to facilitate the sale of the real property.

29 (b) The Oregon Department of Administrative Services shall retain from the sale or other
30 conveyance of the real property those costs incurred by the state in selling or conveying the real
31 property, including costs incurred by the Department of Corrections in transferring the real prop-
32 erty to the Oregon Department of Administrative Services. The remaining proceeds from the sale
33 or other conveyance shall be transferred to the Community Housing Trust Account created under
34 ORS 426.506 (3).

35 (3) Redevelopment of the real property formerly occupied by the F. H. Dammasch State Hospital
36 shall be consistent with the Dammasch Area Transportation Efficient Land Use Plan developed by
37 Clackamas County, the City of Wilsonville, the Oregon Department of Administrative Services, the
38 Department of Land Conservation and Development, the Department of Transportation, the [*State*
39 *Housing Council*] **Oregon Housing Stability Council**, the Oregon Health Authority and the De-
40 partment of State Lands.

41 (4) The Oregon Department of Administrative Services shall reserve from the sale of the real
42 property under subsection (2) of this section not more than 10 acres. The real property reserved
43 from sale shall be transferred to the Oregon Health Authority for use by the authority to develop
44 community housing for persons with chronic mental illness. The department and the authority shall
45 jointly coordinate with the City of Wilsonville to identify the real property reserved from sale under

1 this subsection.

2 **SECTION 48.** ORS 671.755 is amended to read:

3 671.755. (1) As used in this section:

4 (a) "Business license tax" means any fee paid by a person to a city or county for any form of
5 license that is required by the city or county in order to conduct business in that city or county.
6 "Business license tax" does not mean a franchise fee or privilege tax imposed by a city upon a
7 public utility under ORS 221.420 or 221.450 or under a city charter.

8 (b) "Conducting business" means engaging directly, or through officers, agents and employees,
9 in an activity in pursuit of gain.

10 (c) "Principal place of business" means the location in this state of the central administrative
11 office of a person conducting business in this state.

12 (d) "Within a metropolitan service district" means that city limits are wholly or partially inside
13 district boundaries.

14 (2) A landscape contracting business shall pay directly to any city within a metropolitan service
15 district any business license tax imposed by the city if:

16 (a) The landscape contracting business has its principal place of business within the city; or

17 (b) The landscape contracting business does not have its principal place of business within the
18 city but derives gross receipts of \$250,000 or more from conducting business within the city during
19 the calendar year for which the tax is owed.

20 (3) A landscape contracting business may apply for a business license from a metropolitan ser-
21 vice district if the business conducts business in a city that is within the district but that is not a
22 city to which the business directly pays a business license tax for that year.

23 (4) The metropolitan service district shall issue a business license to a landscape contracting
24 business if:

25 (a) The business proves to the district that the business has directly paid the business license
26 tax imposed by each city within the district to which the business must directly pay a business li-
27 cense tax; and

28 (b) The business pays a license fee to the district.

29 (5) The license fee charged under subsection (4) of this section shall be twice the average busi-
30 ness license tax charged to landscape contracting businesses by cities located within the metropol-
31 itan service district plus an amount that is sufficient to reimburse the district for the administrative
32 expenses of the district incurred in carrying out its duties under this section.

33 (6) If a landscape contracting business is issued a business license by the metropolitan service
34 district under subsection (4) of this section, and a city within the district other than a city described
35 in subsection (2) of this section demands that the business pay a business license tax, the demanding
36 city shall waive payment of the tax if the business proves by possession or otherwise that the
37 business has a business license issued by the metropolitan service district for the calendar year for
38 which the tax is owed.

39 (7) The metropolitan service district shall distribute the business license fees collected by the
40 district under this section, less administrative expenses, to the cities within the district that collect
41 a business license tax. In any year, each of the cities shall receive a share of the license fees based
42 upon the proportion that the number of residential building permits the city issued during the year
43 bears to the total number of residential building permits issued during the year by all of the cities
44 within the district. The district shall determine the number of residential building permits issued by
45 cities within the district from statistics [*and other data published by the State Housing Council*]. A

1 district shall distribute moneys under this subsection at least once each year.

2 **SECTION 49.** ORS 701.015 is amended to read:

3 701.015. (1) A contractor shall pay directly to any city within the boundaries of a metropolitan
4 service district any business license tax imposed by the city when:

5 (a) The principal place of business of the contractor is within the city; or

6 (b) The principal place of business of the contractor is not within the city but the contractor
7 derives gross receipts of \$250,000 or more from business conducted within the boundaries of the city
8 during the calendar year for which the business license tax is owed.

9 (2) A contractor who conducts business during any year in any city within the boundaries of the
10 metropolitan service district other than a city to which the contractor has paid a business license
11 tax for that year may apply for a business license from the metropolitan service district.

12 (3) When a contractor obtains a business license from the metropolitan service district under
13 subsection (2) of this section, if a city within the boundaries of the metropolitan service district
14 other than a city to which the contractor is required to directly pay a business license tax under
15 subsection (1) of this section demands payment of a business license tax by the contractor, the city
16 shall waive such payment upon presentation of proof by the contractor that the contractor has a
17 business license issued by the metropolitan service district. Possession by the contractor of a cur-
18 rent business license issued by the metropolitan service district under subsection (2) of this section
19 shall be proof sufficient to obtain the waiver described in this subsection.

20 (4) The metropolitan service district shall issue a business license to a contractor when:

21 (a) The contractor presents proof to the district that the contractor has paid the business li-
22 cense tax imposed by each city within the boundaries of the district to which the contractor must
23 directly pay a business license tax under subsection (1) of this section; and

24 (b) The contractor pays a license fee to the district. The license fee charged under this para-
25 graph shall be twice the average business license tax charged contractors by cities located within
26 the metropolitan service district plus an amount that is sufficient to reimburse the district for the
27 administrative expenses of the district incurred in carrying out its duties under this section.

28 (5) The metropolitan service district shall distribute the business license fees collected by the
29 district under this section, less administrative expenses, to the cities that are located wholly or
30 partly within the district and that collect a business license tax. In any year, each such city shall
31 receive such share of the license fees as the number of residential building permits that it issued
32 during that year bears to the total number of residential building permits that were issued during
33 that year by all of the cities located wholly or partly within the district. Distribution of moneys
34 under this subsection shall be made at least once in each year. The metropolitan service district
35 shall determine the number of residential building permits issued by cities within the district from
36 statistics [*and other data published by the State Housing Council*].

37 (6) As used in this section:

38 (a) "Business license tax" means any fee paid by a person to a city or county for any form of
39 license that is required by the city or county in order to conduct business in that city or county.
40 The term does not include any franchise fee or privilege tax imposed by a city upon a public utility
41 under ORS 221.420 or 221.450 or any provision of a city charter.

42 (b) "Conducting business" means to engage in any activity in pursuit of gain including activities
43 carried on by a person through officers, agents and employees as well as activities carried on by a
44 person on that person's own behalf.

45 (c) "Principal place of business" means the location in this state of the central administrative

1 office of a person conducting business in this state.

2 **SECTION 50.** ORS 757.612 is amended to read:

3 757.612. (1) There is established an annual public purpose expenditure standard for electric
4 companies and Oregon Community Power to fund new cost-effective local energy conservation, new
5 market transformation efforts, the above-market costs of new renewable energy resources and new
6 low-income weatherization. The public purpose expenditure standard shall be funded by the public
7 purpose charge described in subsection (2) of this section.

8 (2)(a) Beginning on the date an electric company or Oregon Community Power offers direct ac-
9 cess to its retail electricity consumers, except residential electricity consumers, the electric com-
10 pany or Oregon Community Power shall collect a public purpose charge from all of the retail
11 electricity consumers located within its service area until January 1, 2026. Except as provided in
12 paragraph (b) of this subsection, the public purpose charge shall be equal to three percent of the
13 total revenues collected by the electric company, Oregon Community Power or the electricity ser-
14 vice supplier from its retail electricity consumers for electricity services, distribution, ancillary
15 services, metering and billing, transition charges and other types of costs included in electric rates
16 on July 23, 1999.

17 (b) For an aluminum plant that averages more than 100 average megawatts of electricity use
18 per year, beginning on March 1, 2002, the electric company or Oregon Community Power whose
19 territory abuts the greatest percentage of the site of the aluminum plant shall collect from the alu-
20 minium company a public purpose charge equal to one percent of the total revenue from the sale of
21 electricity services to the aluminum plant from any source.

22 (3)(a) The Public Utility Commission shall establish rules implementing the provisions of this
23 section relating to electric companies and Oregon Community Power.

24 (b) Subject to paragraph (e) of this subsection, funds collected by an electric company or Oregon
25 Community Power through public purpose charges shall be allocated as follows:

26 (A) Sixty-three percent for new cost-effective conservation, new market transformation.

27 (B) Nineteen percent for the above-market costs of constructing and operating new renewable
28 energy resources with a nominal electric generating capacity, as defined in ORS 469.300, of 20
29 megawatts or less.

30 (C) Thirteen percent for new low-income weatherization.

31 (D) Five percent shall be transferred to the Housing and Community Services Department
32 Electricity Public Purpose Charge Fund established by ORS 456.587 (1) and used for the purpose of
33 providing grants as described in ORS 458.625 (2).

34 (c) The costs of administering subsections (1) to (6) of this section for an electric company or
35 Oregon Community Power shall be paid out of the funds collected through public purpose charges.
36 The commission may require that an electric company or Oregon Community Power direct funds
37 collected through public purpose charges to the state agencies responsible for implementing sub-
38 sections (1) to (6) of this section in order to pay the costs of administering such responsibilities.

39 (d) The commission shall direct the manner in which public purpose charges are collected and
40 spent by an electric company or Oregon Community Power and may require an electric company
41 or Oregon Community Power to expend funds through competitive bids or other means designed to
42 encourage competition, except that funds dedicated for low-income weatherization shall be directed
43 to the Housing and Community Services Department as provided in subsection (7) of this section.
44 The commission may also direct that funds collected by an electric company or Oregon Community
45 Power through public purpose charges be paid to a nongovernmental entity for investment in public

1 purposes described in subsection (1) of this section. Notwithstanding any other provision of this
2 subsection:

3 (A) At least 80 percent of the funds allocated for conservation shall be spent within the service
4 area of the electric company that collected the funds; or

5 (B) If Oregon Community Power collected the funds, at least 80 percent of the funds allocated
6 for conservation shall be spent within the service area of Oregon Community Power.

7 (e)(A) The first 10 percent of the funds collected annually by an electric company or Oregon
8 Community Power under subsection (2) of this section shall be distributed to school districts that
9 are located in the service territory of the electric company or Oregon Community Power. The funds
10 shall be distributed to individual school districts according to the weighted average daily member-
11 ship (ADMw) of each school district for the prior fiscal year as calculated under ORS 327.013. The
12 commission shall establish by rule a methodology for distributing a proportionate share of funds
13 under this paragraph to school districts that are only partially located in the service territory of the
14 electric company or Oregon Community Power.

15 (B) A school district that receives funds under this paragraph shall use the funds first to pay
16 for energy audits for schools located within the school district. A school district may not expend
17 additional funds received under this paragraph on a school facility until an energy audit has been
18 completed for that school facility. To the extent practicable, a school district shall coordinate with
19 the State Department of Energy and incorporate federal funding in complying with this paragraph.
20 Following completion of an energy audit for an individual school, the school district may expend
21 funds received under this paragraph to implement the energy audit. Once an energy audit has been
22 conducted and completely implemented for each school within the school district, the school district
23 may expend funds received under this paragraph for any of the following purposes:

24 (i) Conducting energy audits. A school district shall conduct an energy audit prior to expending
25 funds on any other purpose authorized under this paragraph unless the school district has performed
26 an energy audit within the three years immediately prior to receiving the funds.

27 (ii) Weatherization and upgrading the energy efficiency of school district facilities.

28 (iii) Energy conservation education programs.

29 (iv) Purchasing electricity from environmentally focused sources and investing in renewable
30 energy resources.

31 (f) The commission may not establish a different public purpose charge than the public purpose
32 charge described in subsection (2) of this section.

33 (g) If the commission directs funds collected through public purpose charges to a nongovern-
34 mental entity, the entity shall:

35 (A) Include on the entity's board of directors an ex officio member designated by the commis-
36 sion, who shall also serve on the entity's nominating committee for filling board vacancies.

37 (B) Require the entity's officers and directors to provide an annual disclosure of economic in-
38 terest to be filed with the commission on or prior to April 15 of each calendar year for public review
39 in a form similar to the statement of economic interest required for public officials under ORS
40 244.060.

41 (C) Require the entity's officers and directors to declare actual and potential conflicts of interest
42 at regular meetings of the entity's governing body when such conflicts arise, and require an officer
43 or director to abstain from participating in any discussion or vote on any item where that officer
44 or director has an actual conflict of interest. For the purposes of this subparagraph, "actual conflict
45 of interest" and "potential conflict of interest" have the meanings given those terms in ORS 244.020.

1 (D) Arrange for an independent auditor to audit the entity's financial statements annually, and
2 direct the auditor to file an audit opinion with the commission for public review.

3 (E) File with the commission annually the entity's budget, action plan and quarterly and annual
4 reports for public review.

5 (F) At least once every five years, contract for an independent management evaluation to review
6 the entity's operations, efficiency and effectiveness, and direct the independent reviewer to file a
7 report with the commission for public review.

8 (h) The commission may remove from the board of directors of a nongovernmental entity an of-
9 ficer or director who fails to provide an annual disclosure of economic interest or declare actual
10 or potential conflict of interest, as described in paragraph (g)(B) and (C) of this subsection, in con-
11 nection with the allocation or expenditure of funds collected through public purpose charges and
12 directed to the entity.

13 (4)(a) An electric company that satisfies its obligations under this section shall have no further
14 obligation to invest in conservation, new market transformation or new low-income weatherization
15 or to provide a commercial energy conservation services program and is not subject to ORS 469.631
16 to 469.645 and 469.860 to 469.900.

17 (b) Oregon Community Power, for any period during which Oregon Community Power collects
18 a public purpose charge under subsection (2) of this section:

19 (A) Shall have no other obligation to invest in conservation, new market transformation or new
20 low-income weatherization or to provide a commercial energy conservation services program; and

21 (B) Is not subject to ORS 469.631 to 469.645 and 469.860 to 469.900.

22 (5)(a) A retail electricity consumer that uses more than one average megawatt of electricity at
23 any site in the prior year shall receive a credit against public purpose charges billed by an electric
24 company or Oregon Community Power for that site. The amount of the credit shall be equal to the
25 total amount of qualifying expenditures for new energy conservation, not to exceed 68 percent of the
26 annual public purpose charges, and the above-market costs of purchases of new renewable energy
27 resources incurred by the retail electricity consumer, not to exceed 19 percent of the annual public
28 purpose charges, less administration costs incurred under this subsection. The credit may not ex-
29 ceed, on an annual basis, the lesser of:

30 (A) The amount of the retail electricity consumer's qualifying expenditures; or

31 (B) The portion of the public purpose charge billed to the retail electricity consumer that is
32 dedicated to new energy conservation, new market transformation or the above-market costs of new
33 renewable energy resources.

34 (b) To obtain a credit under this subsection, a retail electricity consumer shall file with the
35 State Department of Energy a description of the proposed conservation project or new renewable
36 energy resource and a declaration that the retail electricity consumer plans to incur the qualifying
37 expenditure. The State Department of Energy shall issue a notice of precertification within 30 days
38 of receipt of the filing, if such filing is consistent with this subsection. The credit may be taken after
39 a retail electricity consumer provides a letter from a certified public accountant to the State De-
40 partment of Energy verifying that the precertified qualifying expenditure has been made.

41 (c) Credits earned by a retail electricity consumer as a result of qualifying expenditures that
42 are not used in one year may be carried forward for use in subsequent years.

43 (d)(A) A retail electricity consumer that uses more than one average megawatt of electricity at
44 any site in the prior year may request that the State Department of Energy hire an independent
45 auditor to assess the potential for conservation investments at the site. If the independent auditor

1 determines there is no available conservation measure at the site that would have a simple payback
2 of one to 10 years, the retail electricity consumer shall be relieved of 54 percent of its payment
3 obligation for public purpose charges related to the site. If the independent auditor determines that
4 there are potential conservation measures available at the site, the retail electricity consumer shall
5 be entitled to a credit against public purpose charges related to the site equal to 54 percent of the
6 public purpose charges less the estimated cost of available conservation measures.

7 (B) A retail electricity consumer shall be entitled each year to the credit described in this sub-
8 section unless a subsequent independent audit determines that new conservation investment oppor-
9 tunities are available. The State Department of Energy may require that a new independent audit
10 be performed on the site to determine whether new conservation measures are available, provided
11 that the independent audits shall occur no more than once every two years.

12 (C) The retail electricity consumer shall pay the cost of the independent audits described in this
13 subsection.

14 (6) Electric utilities and retail electricity consumers shall receive a fair and reasonable credit
15 for the public purpose expenditures of their energy suppliers. The State Department of Energy shall
16 adopt rules to determine eligible expenditures and the methodology by which such credits are ac-
17 counted for and used. The rules also shall adopt methods to account for eligible public purpose
18 expenditures made through consortia or collaborative projects.

19 (7)(a) In addition to the public purpose charge provided under subsection (2) of this section, an
20 electric company or Oregon Community Power shall collect funds for low-income electric bill pay-
21 ment assistance in an amount determined under paragraph (b) of this subsection.

22 (b) The commission shall establish the amount to be collected by each electric company in cal-
23 endar year 2008 from retail electricity consumers served by the company, and the rates to be
24 charged to retail electricity consumers served by the company, so that the total anticipated col-
25 lection for low-income electric bill payment assistance by all electric companies in calendar year
26 2008 is \$15 million. In calendar year 2009 and subsequent calendar years, the commission may not
27 change the rates established for retail electricity consumers, but the total amount collected in a
28 calendar year for low-income electric bill payment assistance may vary based on electricity usage
29 by retail electricity consumers and changes in the number of retail electricity consumers in this
30 state. In no event shall a retail electricity consumer be required to pay more than \$500 per month
31 per site for low-income electric bill payment assistance.

32 (c) Funds collected by the low-income electric bill payment assistance charge shall be paid into
33 the Housing and Community Services Department Low-Income Electric Bill Payment Assistance
34 Fund established by ORS 456.587 (2). Moneys deposited in the fund under this paragraph shall be
