Sen Mark Hass, Chair, Senate Finance & Revenue Committee

Dear Senator,

I'd like to extend my thanks to the support of the iOPIF Program for our feature film CABIN FEVER that was filmed exclusively in Molalla, Oregon. I'm happy to announce that the film will be released in Feb 2016 and if it weren't for the incentive we would not have had this opportunity.

Because of the State Incentive we the producers were able to hire 90% of our cast/crew from Oregon. We had a fantastic experience working with all city officials, state audit office, and the film office. I very much support an expansion of the Film Tax Credit program and SB1578 as I would like to bring more productions to this wonderful state. Thank you for all of your hard work you and your committee provide to Oregon

Regards,

Michel D Jones
Producer
