

Please respond to this email with your agency's session and fiscal impact statement **HB 1562**:

Rick Berkobien, Manager, Committee Services (CS)

For short session, CS typically hires its 22-23 temporary committee assistants five working days from the beginning of the start of session. Depending on what day session begins per this bill, CS would still hire session staff on the same number of days out from the beginning of session. This is anticipated in the budget, so it would have no different impact.
