Re: Testimony in Support of HB 4064

Dear Chair Keny-Guyer and Members of the Committee:

I am writing to request your support of HB 4064. This bill establishes the framework for a statewide mortgage leveraging program that has the capacity to meaningfully increase the number of Habitat for Humanity homebuyers we serve.

There is much need in the Corvallis/Philomath area for affordable housing due to the increase in enrollment at Oregon State University and the influx of affluent foreign students that push the cost of workforce housing up significantly.

One of the greatest challenges to meeting the growing need for our program is the capital intensive nature of the work we do. Our goal is to create a fund that will make it possible for us to leverage 92% of a newly built home's mortgage principal on the day of closing. These funds will immediately increase our capacity to build homes and purchase land. Repayment of the leveraged mortgages will create a revolving fund that will continue to provide affiliates with the capital needed to serve more Oregon families more quickly.

Having this tool in place will augment our existing fundraising and ReStore proceeds, making it possible for us to serve more Oregon families more quickly. **Having a safe and secure home is one of the best ways to raise children and provide for a productive economy.**

Thank you for your dedication to improving the communities we all share.

With appreciation,

Inge King
