Re: Testimony in Support of HB 4064

Dear Chair Keny-Guyer and Members of the Committee:

I am writing to request your support of HB 4064. This bill establishes the framework for a statewide mortgage leveraging program that has the capacity to meaningfully increase the number of Habitat for Humanity homebuyers we serve. The need in our local community is great and this organization is making a huge difference in the lives of our citizenry.

One of the greatest challenges to meeting the growing need for our program is the capital intensive nature of the work we do. Our goal is to create a fund that will make it possible for us to leverage 92% of a newly built home's mortgage principal on the day of closing. These funds will immediately increase our capacity to build homes and purchase land. Repayment of the leveraged mortgages will create a revolving fund that will continue to provide affiliates with the capital needed to serve more Oregon families more quickly.

Having this tool in place will augment our existing fundraising and ReStore proceeds, making it possible for us to serve more Oregon families more quickly. The assistance we provide to lower income families and allowing them the pride of ownership and helping them to become a contributing part of our community is invaluable.

Thank you for your dedication to improving the communities we all share.

Respectfully yours,

Terry S. Neumann
