

I oppose this bill, and any and all bills, attacking the 2nd ammendment of the constitution, as a service connected veteran that served our country, protecting your rights, and liberty, and those veterans that gave their lives, insuring the same. I love my country, however, I am afraid of the liberal, anti gun Democrats, intent on destroying the rights of innocent citizens, because of a few mentally challenged people. I hope you feel like I do, thanks.
