

Dear Committee Assistant Heaton,

The Oregon background check system is faulty. Every year thousands of people's rights are infringed as a result of the inability of the OSP ID unit to accurately complete the mandated "check."

It makes no sense to further punish those people by removing the one small safeguard the law allows for people who are the victims of a broken system.

Instead, I recommend authoring legislation that would fix, and make reliable, the background-check system.

*Sincerely, Jan A. Abeita
