Corrected Cover Letter

Governor Kate Brown | Senate President Peter Courtney | Speaker Tina Kotek

Greetings:

I write on behalf of Madeline Martinez and the World Famous Cannabis Café to transmit a petition and signatures and to seek your support for Senate Bill 1511-4.

Madeline is the founder of Oregon NORML and the first latina member of NORML's National Board of Directors. The Cannabis Café, opened originally in November 2009, was the first cannabis café in the United States providing a safe place in which medical marijuana cardholders could assemble peaceably with like-minded individuals to socialize and medicate out of public view.

Madeline has welcomed visitors home to the Café literally from around the world. The World Famous Cannabis Café is an example of small business working for Oregonians and building the Oregon brand internationally (see attached map).

As a result of changes to the Oregon Indoor Clean Air Act in Enrolled HB 2546 (2015), existing businesses - like the Cannabis Café - were not grandfathered and are subject potentially to penalties of \$500 per day.

During 20 days¹ between January 8th and January 31st, 225 signatures² were collected on a petition supporting amendments to the Act to allow the World Famous Cannabis Café to remain open for its members. With pleasure, I transmit a copy of the petition and signatures to you.

Fiat justitia,

B Harrison Conley,
Executive Director

1 The café is closed on Sundays and signatures were collected at one off-site event.

2 About 21 non-residents provided signatures. Some Oregonians signed out-of-state signature sheets.

World Famous Cannabis Cafe

Petition Urging Amendment of the Oregon Indoor Clean Air Act
for the World Famous Cannabis Café

We, the undersigned Oregonians, petition the Oregon Governor and the Senate and House of Representatives of the Oregon Legislative Assembly to:

Amend the Oregon Indoor Clean Air Act to allow the the World Famous Cannabis Café to continue performing its vital community service and expressive purpose - to provide a members-only facility in which like-minded adults may assemble in a safe community setting to consume legal cannabis for medical, or other personal, use that is out of public view; and
Represent as follows.

Whereas growing and consuming cannabis are legal in Oregon; and

Whereas the actual consumption of legal cannabis is severely limited - by exceptions to outdoor use, including state parks, exceptions to use for individuals living in section 8 housing, exceptions, generally, to use in public settings and threats to prohibit smoking at Oregon beaches; and

Whereas the World Famous Cannabis Café was established by Oregon NORML and Madeline Martinez in November 2009 as the first café in the USA to provide a safe place for state-authorized medical cardholders to assemble with like-minded individuals to socialize and medicate out of public view; and

Whereas recent changes in the Oregon Indoor Clean Air Act cause the World Famous Cannabis Café to be a nonconforming use, but do not explicitly approve continuation of the vital community service provided by the Café; and

Whereas growers and consumers of cannabis have long been victimized by a misguided war on drugs, facing governmental interference with our family and parenting relations and the loss of liberty, property and gainful employment; and

Whereas growers and consumers of cannabis have been forced - for the safety of our families and ourselves - to hide in our basements and to segregate ourselves from like-minded individuals; and

Whereas the World Famous Cannabis Café is a members-only facility in which individuals may gather safely in a community setting, to consume legal cannabis and to exercise our expressive first amendment right to assemble with like-minded individuals to share our values and views;

Whereas the Cafe has become a destination for tourism, generating income for a variety of Oregon businesses; now, therefore,

Be it resolved by your petitioners, the undersigned Oregonians, that we support the continuing mission of the World Famous Cannabis Café to perform its vital community service and expressive purpose - to provide a members-only facility in which adults may assemble with like-minded individuals in a safe community setting to consume legal cannabis for medical, or other personal use, that is out of public view; and

Be it further resolved that we urge Governor Kate Brown and the Senate and House of Representatives of the Oregon Legislative Assembly to amend the Oregon Indoor Clean Air Act to grant an exception for the community service provided by the World Famous Cannabis Café; and

Be it further resolved that we will provide a copy of this petition to the Governor of Oregon each member of the Oregon Legislative Assembly, to the director of the Oregon Liquor Control Commission and each member of the Board of Commissioners, and to the director of the Oregon Health Authority and each member of the Oregon Health Policy Board.

Please sign only if you are an Oregon resident registered to vote in statewide elections.

Portland, OR 97233 2/1/16

Be it further resolved that we urge Governor Kate Brown and the Senate and House of Representatives of the Oregon Legislative Assembly to amend the Oregon Indoor Clean Air Act to grant an exception for the community service provided by the World Famous Cannabis Café; and

Be it further resolved that we will provide a copy of this petition to the Governor of Oregon each member of the Oregon Legislative Assembly, to the director of the Oregon Liquor Control Commission and each member of the Board of Commissioners, and to the director of the Oregon Health Authority and each member of the Oregon Health Policy Board.

Please sign only if you are an Oregon resident registered to vote in statewide elections.
