Repair took more than 5 hours.

I'm outside AND the neighbor boys were coming home. Notice the truck asked what was going on.

I told them about my floor & the toilet in the bathtub.

Cody, age 12 in apt #7 of the Douglas Fir's Apts on 139th Ave. Than told me about

1 month before he ^(Cody) fell through their Bathroom Floor. This child has physical disability & mild autism. ~~Wells~~ 10 unit property.

In my apt.

The work was done poorly & failed.

- 2 more City of Portland Inspections: Fail
- 3 Home Forward inspections: Fail

I could not find a place. Then after ^{several} some weeks a Senior Building called me & said they had an apt coming in "Dec 2014". Someone gave notice to move, I found housing.

I came close to becoming homeless
I have a voucher too N.W. Pilot Project
