#### VI. LOCAL TRANSIENT LODGING TAX RECEIPTS

Transient lodging taxes are one of the most direct means for jurisdictions to collect revenues from visitors. They are also a useful indicator of travel activity in the state, since almost all of these sales are made by travelers. Transient lodging tax receipts therefore provide a basis for evaluating both travel trends and the distribution of travel activity in the state.

During 2014, eighty-five cities and fifteen counties in Oregon levied a locally administered transient lodging tax. This tax, ranging from 2 percent to 13.5 percent, is collected on the sale (i.e., rental) of a room at a lodging establishment such as a hotel, motel, bed & breakfast or at a campground site or RV park.

Local lodging tax receipts increased by 15.2 percent from the 2013 to 2014 fiscal years. (The large increase in revenues in the past two fiscal years is in part attributable to the establishment of the Tourism Improvement District in the City of Portland, which levies an additional 2 percent tax on lodging establishments with 50 or more rooms. TID collections began in October 1, 2012)

#### **Oregon Local Lodging Tax Receipts**

Fiscal Year ending June 30

Room tax collections for most taxing jurisdictions within Oregon are reported for the last eleven fiscal years in the following table. It should be noted that transient lodging tax data is subject to revision. The revisions can be a result of late payments, back taxes, interest or fees.<sup>1</sup>
