

Dear Rules Committee:

Our Oregon legislature should advance national efforts to pass a **28th Constitutional Amendment** that declares that **Corporations Are Not People and that Money Is Not Speech.**

BILL HJM 201, sponsored by Representatives Val Hoyle (D - Eugene) and John Huffman (R-The Dalles), calls for a US Article V Constitutional Convention.

I wholeheartedly support this bill and hope you will too.

We want a true democracy -- not a corporatocracy!

William Morris
