

Hello, My name is Pete Finnegan. Don't worry, you haven't heard of me. I am a father of two, a brother, a son, a neighbor and a friend to as many as I can be. Oregon is my home, and a home to those I care about. I have noticed that the opinions of those I care about are becoming less relevant as I get older. My friends and my family do not have loads of money. We don't have teams of lobbyists working for us trying to get us breaks. We just have our voices, and hopefully your support. HJM201 can be a way for everyday citizens like myself, family and friends to have our voices heard by those that need to hear it the most. I hope that with your support we can make everyone's voices heard more clearly.

Please support HJM201.

Thank you,  
Pete Finnegan
