House Committee on Consumer Protection and Government Effectiveness

As required after declaring a potential conflict of interest in the House Committee on Consumer Protection and Government Effectiveness. I am submitting a written declaration of a potential conflict of interest in reference to votes taken for the passage of House Bill 4058.

I am a shareholder in one or more corporation whose profits and losses could be impacted by the passage of House Bill 4058, and as a shareholder would share in those profits and losses.

Respectfully,
