From: Joint Legislative Committee on Information Management and Technology

Date: February 12, 2016

Subject: OSCIO/DAS State IT Procurement Reorganization Request
JLCIMT Recommendations

The Joint Legislative Committee on Information Management and Technology (JLCIMT) recommends conditional, temporary approval of the request for the remainder of the 2015-17 biennium assuming the funding, spending authority, and personnel resources are made available to the Department of Administrative Services (DAS) and the Office of the State Chief Information Officer (OSCIO) by the Joint Committee on Ways and Means. Specifically, the JLCIMT recommends that DAS and OSCIO:

- Conduct an assessment to identify and evaluate the alternative State IT procurement related organizational/operating models in use by other states across the nation. The assessment report should provide the raw findings and include (but not be limited to) the roles, responsibilities, accountability, staffing levels, and costs associated with:
 - The most predominant organizational/operating models in use across the nation as compared to the shared IT vendor management program proposed within this request.
 - A full transfer of state IT procurement duties, functions, and powers from DAS and the DAS Director to the State Chief Information Officer.
- Submit the assessment report and a status report on IT vendor management program progress to date to the Legislative Fiscal Office in November 2016.
- Jointly present the assessment report and status report on IT vendor management program progress to the Joint Legislative Committee on Information Management and Technology and the Emergency Board during the December 2016 Legislative Days.
