

Oregon Statewide Longitudinal Data System

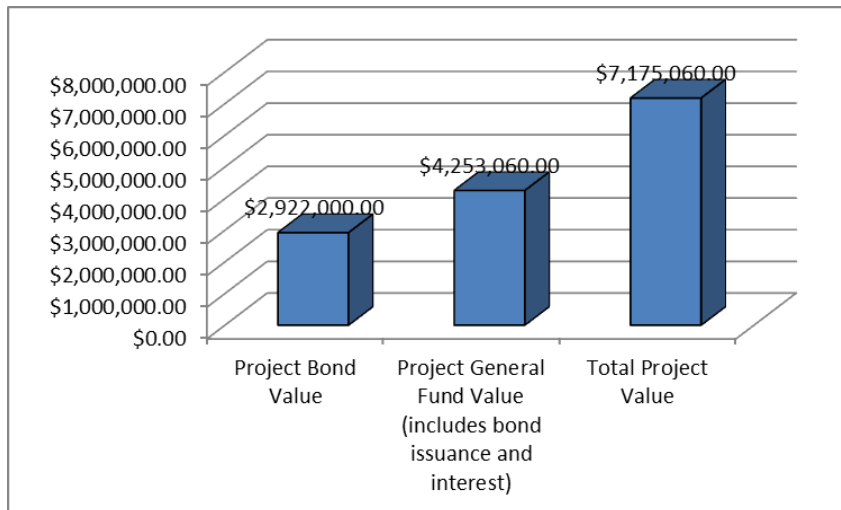

Chief Education Office

February 12, 2016

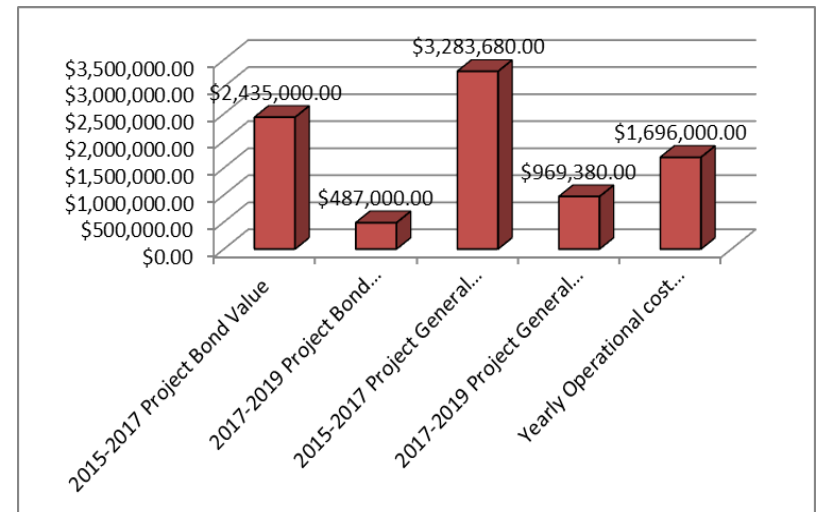

- Key elements:

- Mandated by SB 909
- Improve our ability to establish educational investment priorities more generally
- The ability to evaluate the effectiveness of current strategic investments in order to determine where best to spend resources in the future
- Initial data load of the system will contain approximately 25 years of longitudinal student data

Total Project

Project Biennium and Year
