To: Joint Legislative Committee on Information Management and Technology

From: Sean McSpaden, Legislative Fiscal Office
(503) 986-1835

Date: February 5, 2016

Subject: SB 1539 - Work Session Recommendations

SB 1539 relates to materials that state contracting agencies must provide in connection with an information technology procurement. The bill would require state contracting agencies to provide the State Chief Information Officer and the Legislative Fiscal Office with copies of the final feasibility determinations or the final cost analysis that state contracting agencies make or perform under current law to determine whether to conduct procurements for information technology related services that exceed \$250,000. This bill also requires the State Chief Information Officer to adopt rules and develop policies to incorporate these materials into the State Chief Information Officer's information technology related oversight and planning functions.

Materials related to SB 1539 are posted on OLIS.

The -1 Amendment maintains Secretary of State and State Treasury independent authorities and exemptions from State Chief Information Officer oversight.
