## **ISSUES DISCUSSED:**

## **EFFECT OF COMMITTEE AMENDMENT:**

**BACKGROUND:** Under current Oregon law, marijuana purchased at a recreational marijuana retailer by an Oregon Medical Marijuana Program (OMMP) cardholder would be taxed at a 17% rate. Also, current Oregon law states that only licensed recreational producers, processors, wholesalers, and retailers may claim business deductions otherwise allowable under federal law on their state taxes. Finally, there are no current provisions of law that would prohibit a licensed marijuana retailer from bundling overpriced products not taxed at a 17% rate and underpriced marijuana for the purposes of avoiding taxation.

Senate Bill 1601 would allow OMMP cardholders to purchase marijuana tax free. The measure would also now allow medical marijuana businesses along with recreational licensees to claim business deductions on their state tax forms. Finally, the bill prohibits bundling by marijuana retailers.
