Revenue Summary

Senate Bill 1515 appropriates \$369,031 General Fund to the Department of Human Services (DHS) to implement and administer the bill. Federal Medicaid match will cover \$253,564 in DHS expenditures. Some of the DHS budget (mix of General and Federal Funds) will go to pay for legal work; these funds are received and spent by the Department of Justice (DOJ) as Other Funds. The Other Funds expenditure limitation in DHS is associated with the agency's cost allocation process for shared support services.

Summary of Human Services Subcommittee Action

Effective July 1, 2016, Senate Bill 1515 tightens mandatory licensing, certification, authorization, regulation and enforcement standards and criteria for Child-Caring Agencies (CCA) to make explicit and strengthen the Department of Human Services' (DHS) oversight of these facilities,

and to increase legislative oversight of DHS regarding these facilities. Currently there are about 200 individual licensed programs and facilities. The bill creates the statutory authority to bring regulatory action on CCAs licensed by DHS. It expands the definition of child to include 18 to 20 year olds and creates a new definition of abuse for a child in care.

The bill also increases the accountability of the department to investigate a wide range of concerns about CCAs and holds the department accountable for the safety, health and wellbeing of children in their programs. Failure to investigate and hold CCAs accountable may provide grounds for official misconduct charges. The bill requires DHS to report to an interim committee by December 1, 2016 on the cost and feasibility of national accreditation and to report and make recommendations by October 1, 2016 on the cost, feasibility and design of a Center of Continuous Improvement for CCAs.

Department of Human Services

Child Welfare

The Subcommittee appropriated \$140,000 General Fund and added \$140,000 Federal Funds expenditure limitation. These funds will be paid to DOJ to cover legal costs related to contested case hearings, rulemaking, interpreting laws, and legal advice.

DHS Shared Services

To help resolve incidents or reports related to child-caring agencies, the Subcommittee approved an Other Funds expenditure limitation of \$96,659 for a permanent position (0.50 FTE) within the Office of Adult Abuse Prevention and Investigation. This Investigator 3 position will respond to allegations of abuse, assure appropriate assessments are completed, and communicate with law enforcement and other agencies.

Statewide Assessments and Enterprise-Wide Costs

The Subcommittee appropriated \$115,121 General Fund to this program area for Statewide Assessments and Enterprise-Wide Costs to support costs associated with the position in Shared Services; since the work is considered protective services, there is no Medicaid match allowed.

DHS Program Design Services

The Subcommittee approved \$113,910 General Fund and \$113,564 Federal Funds expenditure limitation for two positions (1.00 FTE) to provide the resources for two permanent Compliance Specialist 3 positions in the Office of Licensing and Regulatory Oversight to help implement the bill's provisions around licensing and regulatory actions. The bill specifically requires the agency to maintain a minimum staff of five full-time equivalent employees who are responsible for licensing, inspections, and investigations.

Since this program starts up mid-biennium, the 2017-19 pricing for DHS costs covered in this bill will be higher and are estimated to be about \$1.3 million total funds. The bill requires development of a workload model that may also influence future costs and the types of positions needed to complete the work.

Department of Justice

The Subcommittee approved a \$176,018 Other Funds expenditure limitation increase and the establishment of one permanent full-time Senior Assistant Attorney General position (0.50 FTE) within the Civil Enforcement Division (0.50 FTE). The position will be hired by July 1, 2016. This Division's Child Advocacy Section will bill DHS for actual legal services related to: administrative rule development; litigation of contested case hearings; court litigations; child abuse investigations; foster home certifications; and other related legal advice. The workload and number of cases is indeterminate at this time; however, DOJ estimates one complex case per month, based on recent experience. Additional resources may need to be requested from either the Emergency Board, or the Legislature, if actual cases, or other workload issues, exceed the agency's initial estimate. The 2017-19 cost of the position is estimated to be \$340,035 Other Funds (1.00 FTE).
