## **Summary of Revenue Changes**

The General Fund appropriations made in the bill are within resources available as projected in the February 2016 economic and revenue forecast by the Department of administrative Services Office of Economic Analysis.

## **Summary of Capital Construction Subcommittee Action**

Senate Bill 5701 is the omnibus budget reconciliation bill for the 2016 legislative session, implementing the statewide rebalance plan that addresses changes in projected revenues and expenditures since the close of the 2015 session. The Subcommittee approved Senate Bill 5701 with amendments to reflect budget adjustments as described below.

## **Statewide Adjustments**

### **EMPLOYEE COMPENSATION DISTRIBUTION**

The Subcommittee approved allocation of \$120 million General Fund to state agencies for employee compensation. The General Fund appropriation is expected to cover about 93% of the statewide estimate of costs for compensation and benefit changes agreed to through collective bargaining or other salary agreements. Total compensation adjustments include \$120 million General Fund, \$3.2 million Lottery Funds, \$111.7 Other Funds, and \$55.9 million Federal Funds. Lottery Funds, Other Funds, and Federal Funds expenditure limitations are calculated at fully-funded amounts.

### **OTHER STATEWIDE ADJUSTMENTS**

Other statewide adjustments include adjustments for Pension Obligation Bond (POB) payments and fully funding the General Fund need of employee compensation for small agencies. POB adjustments generated a net savings of \$4.3 million Total Funds, including General Fund savings of \$487,281. A portion of the savings was used to fully fund the General Fund collective bargaining agreement costs (\$243,932) of small agencies.

Section 116 of the budget bill reflects the changes, as described above, for each agency. These adjustments are not addressed in the agency narratives, although they are included in the table at the beginning of the budget report.

## **Emergency Board**

As part of the 2015-17 biennium statewide rebalance plan, Senate Bill 5701 adjusts the Emergency Board's general purpose and special purpose appropriations as described as follows:

- Increases the General Purpose Emergency Fund by \$2,000,000 for general governmental purposes, increasing the total amount available to the Emergency Board for the remainder of the 2015-17 interim to \$32,000,000.
- Eliminates a special purpose appropriation for state agencies of \$120 million, and makes corresponding General Fund appropriations to various state agencies for state employee compensation changes.
- Reduces the special purpose appropriation for state agencies of \$10.7 million, with General Fund appropriations of \$10.0 million to the Department of Human Services (\$9,502,291) and the Oregon Health Authority (\$497,562) for compensation changes driven by collective bargaining for workers who are not state employees.
- Reduces the \$3,000,000 special purpose appropriation for education by \$1,373,879 and uses these funds as part of the \$1,900,000 General Fund appropriation to the Higher Education Coordinating Commission to help fund 2015-17 compensation agreements for classified staff at Portland State University, Eastern Oregon University, Southern Oregon University, Western Oregon University, and the Oregon Institute of Technology. Details on how much each university receives is found under the Higher Education Coordinating Commission section of this budget report.
- Eliminates the \$17,540,357 General Fund special purpose appropriation to the Emergency Board for the mixed delivery preschool program established in House Bill 3380 (2015), with a corresponding appropriation to the Oregon Department of Education for the same purpose.
- Eliminates a \$6,865,921 special purpose appropriation for college readiness and appropriates most of these resources to the Oregon Department of Education, Chief Education Office, and the Higher Education Coordinating Commission for transitional services and supports, between secondary and post-secondary education.
- Reduces the special purpose appropriation of \$6 million for fire costs, and appropriates \$2,054,823 to the Department of Forestry for that purpose.
- Eliminates the \$1.8 million special purpose appropriation for the Department of Revenue and appropriates \$1,360,125 to the Property Tax Division of the Department of Revenue, primarily due to cover a revenue shortfall in the County Assessment Function Funding Assistance Account.
- Establishes a \$3,000,000 special purpose appropriation to be allocated to the Department of Corrections for operations support. The Department may request funds to finance continued activation of minimum security beds at the Deer Ridge Correctional Institution.
- Establishes a \$2,000,000 special purpose appropriation to be allocated to the Department of Corrections. The Department may request funds to finance continued activities and positions associated with improvements to housing and treatment for the seriously mentally ill.
- Establishes a special purpose appropriation for the Emergency Board of \$2,000,000 to be allocated to state and local governments that incurred costs not reimbursed by the federal government related to the armed occupation of the Malheur National Wildlife Refuge. The Department of Administrative Services and the Legislative Fiscal Office are directed to work with state and local government units to identify and validate reimbursable costs related to the incident.

## Adjustments to 2015-17 Agency Budgets

### ADMINISTRATION

#### Department of Administrative Services

The Subcommittee approved a technical adjustment to move Other Funds expenditure limitation, intended to pay for treasury fees that had been spread to programs in the 2015-17 legislatively adopted budget, back into the Other Funds expenditure limitation established in Senate Bill 5502 for Treasury Fees. These adjustments net to a zero overall change in the total Other Funds budget approved for the Department of Administrative Services (DAS).

The Subcommittee approved a number of budget adjustments related to a multi-part reorganization of DAS and the Oregon State Chief Information Officer (OSCIO) information technology (IT) related functions. A budget note required DAS to report on proposed changes to operations and rates for Enterprise Technology Services (ETS), which includes the state data center. During the 2015 session, the Legislature also passed House Bill 3099, which transferred substantial authority and responsibility surrounding statewide IT operations and policies from the DAS Director to the OSCIO. To implement House Bill 3099, the OSCIO has proposed significant changes in organizational structures. Under this reorganization there will be five sections: ETS; Enterprise Security Office; Office of Strategic IT Governance; Enterprise Shared Services; and the DAS Chief Information Office (CIO), which will be responsible for meeting DAS's IT needs, such as help desk support. While the DAS CIO will remain under the authority of the OSCIO, it will report to the DAS Deputy Chief Operating Officer. In addition, three administrative positions that did budget work in ETS were transferred to DAS Business Services and seven other ETS administrative positions were moved to the CIO.

The budget adjustments required to implement the IT reorganization and new OSCIO responsibilities, as well as to address the ETS budget note, affected a number of DAS program areas. These net adjustments by program area include: ETS decreased Other Funds by \$39,863,385 and 70 positions (64.00 FTE); CIO increased Other Funds by \$29,841,240 and 37 positions (34.06 FTE); Chief Operating Office increased Other Funds by \$12,171,544 and 38 positions (37.58 FTE); DAS Business Services increased Other Funds by \$644,351 and 3 positions (3.00 FTE); and Enterprise Goods and Services increased Other Funds by \$474,682 and 4 positions (2.32 FTE).

As part of the IT reorganization, a new structure was proposed for IT procurement and vendor management with dual responsibility between Enterprise Goods and Services and OSCIO. This new structure was reviewed by the Joint Committee on Ways and Means as well as the Joint Legislative Committee on Information Management and Technology (JLCIMT). The JLCIMT recommended conditional, temporary approval of the request for the remainder of the biennium. Specifically, the JLCIMT recommended that DAS and OSCIO:

1. Conduct an assessment to identify and evaluate the alternative State IT procurement-related organizational/operating models in use by other states across the nation. The assessment report should provide the raw findings and include, but not be limited to, the roles, responsibilities, accountability, staffing levels, and costs associated with:

- (a) The most predominant organizational/operating models in use across the nation as compared to the shared IT vendor management program proposed within this request, and
  - (b) A full transfer of state IT procurement duties, functions, and powers from DAS and the DAS Director to the State Chief Information Officer.
2. Submit the assessment report and a status report on IT vendor management program progress to date to the Legislative Fiscal Office in November 2016.
  3. Jointly present the assessment report and status report on IT vendor management program progress to the JLCIMT and the Emergency Board during the December 2016 Legislative Days.

The Subcommittee approved six new positions associated with the new IT vendor management arrangement as limited duration to ensure the new arrangement was temporary and that DAS/OSCIO would need to return to the Legislature for funding for the 2017-19 biennium.

Other Funds expenditure limitation established in Senate Bill 55 (2015) was reduced by \$196,206 and the three positions established by the bill were reduced by a combined 0.99 FTE due to delays in implementing the legislation. None of the three positions will be hired until after the 2016 legislative session.

The Subcommittee also added two limited duration positions to implement House Bill 4135 to accomplish the coordination requirements and manage the production of electronic records as directed by the bill. An Information Systems Specialist 8 position (0.63 FTE) was added to provide the initial outreach, education, and coordination of the new policies with state agencies. An Operations and Policy Analyst 2 (0.63 FTE) was added to handle the query writing and production of records for DAS and to assist agencies in the querying and production of their records. The positions are added as limited duration to allow DAS to assess appropriate work load and classification. Positions needed to manage ongoing work will be proposed as part of the Governor's Budget for 2017-19. The Subcommittee determined that DAS can pay for the two positions in 2015-17 with existing Other Funds expenditure limitation and revenue.

The Subcommittee also approved one-time General Fund appropriations to DAS for the following purposes:

- \$1,000,000 for disbursement to the Holly Theater in Medford for the Holly Theater Restoration Project.
- \$650,000 for disbursement to the Salem Area Mass Transit District to provide free bus passes to state employees working in the Capitol Mall area and to operate an Airport Road Express Shuttle between the State Motor Pool and the Capitol Mall.
- \$500,000 for disbursement to Clackamas County for repairs at the Willamette Falls Locks and Canal.
- \$500,000 for disbursement to the City of Cornelius to help build the multi-use Cornelius Place project which includes a library, low income senior housing, and a YMCA.
- \$300,000 for disbursement to Verde for the Cully Park project in Northeast Portland's Cully neighborhood.
- \$250,000 for disbursement to Worksystems Inc. to recapitalize a tuition loan program first funded in 2011 for loans to students participating in commercial driver license training. These loans are not part of a state program and funding is provided only to establish the private program. This is the second one-time General Fund appropriation made for this purpose; the same entity received a one-time grant of \$400,000 for this purpose in 2011.

- \$200,000 for disbursement to Douglas County to partially reimburse public safety costs associated with the October 1, 2015 incident at Umpqua Community College.
- \$200,000 for disbursement to Portland Playhouse for renovation and restoration of Portland Playhouse's theater in Portland's King neighborhood.

The Subcommittee added \$3,059,680 Other Funds expenditure limitation for one-time costs of issuance and special payments associated with the disbursement of proceeds from the sale of \$3,000,000 in lottery bonds for the City of Warrenton to rebuild a dock used by Pacific Seafood at the site of a seafood processing facility that burned down in June 2013. The processing facility was built in 1941 and acquired, along with the dock, by Pacific Seafood in 1983. The lottery bonds are approved in House Bill 5201. There is no debt service allocated in the 2015-17 biennium, as the bonds will not be sold until the spring of 2017. Debt service for 2017-19 is estimated at \$675,152 Lottery Funds. The Subcommittee also increased Other Funds expenditure limitation by \$55,000 to pay the cost of issuing \$2,500,000 Article XI-Q bonds for repairs and improvements at the Oregon State Fair.

Other Funds limitation was increased by \$453,681 to allow planning for the Human Resources Information System (HRIS) replacement project to continue through May 2016. DAS is to bring any request for additional funding needed to complete stage gate 3 planning through the end of the current biennium to the May 2016 meeting of the Emergency Board. In addition, DAS shall bring a plan to adjust rates and assessment charges for the second year of the biennium to fund both the HRIS planning project and new positions established as a part of the IT reorganization operationalized in Senate Bill 5701. A \$6,500,000 General Fund special purpose appropriation to the Emergency Board for this purpose may be allocated to pay General Fund increases associated with assessment and rate increases.

### **Oregon Liquor Control Commission**

The Subcommittee approved an Other Funds expenditure limitation in the amount of \$1,117,762 for the Oregon Liquor Control Commission to implement the provisions of House Bill 4014, Senate Bill 1511, and Senate Bill 1598. Three permanent regulatory specialist positions and four permanent administrative specialist positions are anticipated to be needed due to an increase in the assumed number of licensees as medical marijuana producers are authorized to transfer excess marijuana to recreational retail outlets, and to cover costs associated with the additional number of people working in the marijuana industry that will be required to have work permits and training. Services and supplies expenditures include \$350,000 for updates to the agency's "What's Legal" public information platform and associated outreach. Of the total amount, \$350,665 Other Funds expenditure limitation is for costs associated with Senate Bill 1598; if that bill is not enacted, this expenditure limitation is to be unscheduled by the Department of Administrative Services Chief Financial Office.

A technical adjustment was approved to convert four limited duration liquor regulatory specialists approved as part of House Bill 5047 to permanent status. This adjustment will have no effect on expenditure limitation in the 2015-17 biennium.

### **Public Employees Retirement System**

The Subcommittee increased expenditure limitation for the Financial and Administrative Services Division by \$100,000 Other Funds for a shortfall in the Secretary of State audit charges assessment budget. In addition, increased expenditure limitation in the amount of \$6,601,170

Other Funds was approved for the Financial and Administrative Services Division for the Office of the State Chief Information Officer Enterprise Technology Services assessment.

The Subcommittee approved a one-time increase in Other Funds expenditure limitation of \$1,255,601 for the Public Employees Retirement System (PERS) Individual Account Program (IAP) information technology project. In addition, the Department of Administrative Services is to schedule all currently unscheduled Other Funds expenditure limitation for the project. The project is to move the administration of the IAP from a third-party administrator to the agency. A re-baselining of the project shows that initial project development costs have increased from \$2.9 million to \$6.1 million. The agency anticipates requesting an estimated \$1.9 million during the 2017-19 biennium to complete project development. The Joint Legislative Committee on Information Management and Technology (JLCIMT) recommendations were also approved.

A one-time increase in Other Funds expenditure limitation of \$1,659,976 was approved for information technology enhancements to the jClarety retirement system. JLCIMT recommendations were also approved. The Subcommittee directed the Department of Administrative Services to unschedule the entire \$1.7 million until the conditions set forth by JLCIMT are satisfied.

### **Department of Revenue**

The Subcommittee reduced the expenditure limitation for the Core Systems Replacement project by \$500,000 Other Funds (recreational marijuana tax proceeds) to account for contract savings for the recreational marijuana module. The original development cost was estimated at \$1 million in House Bill 5047 (2015).

Other Funds expenditure limitation for the Property Tax Division was reduced by \$500,000 because the limitation is in excess of the operational needs of the program and is without an underlying revenue source.

The Subcommittee approved a \$373,841 General Fund reduction and a reduction of 2.60 FTE for the Senior Citizens' and Disabled Citizens' Property Tax Deferral program. This technical adjustment will have no impact on the program, which is statutorily funded with Other Funds (Senior and Disabled Property Tax Deferral account). This is part of an effort to better align the agency's budget with actual program funding.

The General Fund appropriation for the Property Tax Division was increased by \$1.4 million in personal services and FTE on existing positions was increased by 7.20. This appropriation is to backfill Other Funds revenue shortfalls in the County Assessment Function Funding Assistance Account, but only for Department of Revenue Valuation Section (\$1.1 million), and for a reduction in county contract mapping services (\$240,986). A \$1.8 million reduction in Other Funds expenditure limitation was previously included in the agency's legislatively adopted budget. The 2017-19 biennial cost is estimated to be \$1.9 million General Fund.

The Subcommittee approved an increase of \$2,052,807 in Other Funds expenditure limitation (recreational marijuana tax) and the establishment of four permanent full-time Accounting Technician 2 positions (2.92 FTE) and one limited duration Principal Executive Manager B position (0.75 FTE) for the recreational marijuana program. In addition, an Economist 3 position, approved as part of House Bill 5047 (2015), is moved from permanent full-time to limited duration. Personal services costs total \$481,063, with \$653,792 in services and supplies and \$917,952 in capital outlay. Of the \$2.1 million expenditure limitation, \$633,920 is one-time limitation for program start-up and facility construction costs. The 2017-

19 biennial cost is estimated to be \$1.4 million Other Funds. This request is for the processing of cash payments related to the recreational marijuana program; however, the Subcommittee's expectation is that this is to be done in an integrated fashion with the agency's current banking, Electronic Funds Transfer, and miscellaneous cash receipting of non-recreational marijuana taxes.

The Subcommittee approved an increase in Other Funds expenditure limitation of \$874,747 for the Core Systems Replacement project. It was estimated that there were \$6.9 million in bond proceeds for the project carried forward from the 2013-15 biennium; however, that figure was only recently revised to \$7,804,187. The Department of Administrative Services is directed to unschedule the entire \$874,747 pending the review and approval of the need for the expenditure limitation by the Legislative Fiscal Office.

### **Secretary of State**

The Subcommittee established a \$347,900 General Fund appropriation and one limited-duration position (0.25 FTE) to replace the Oregon Elections System for Tracking and Reporting (ORESTAR) Election Night Reporting module. The agency will use the funds to acquire a commercially-available off-the-shelf (COTS) product to replace an existing ORESTAR Election Night Reporting module that was developed in-house. The replacement system will offer expanded capabilities, including tabulation of local election vote counts and graphical and map-based display capabilities. A temporary project manager position was approved. The new system is expected to be fully operational in time for the 2016 General Election. The appropriation is approved on a one-time basis and will be phased out in the agency's 2017-19 biennium budget.

### **State Treasurer**

The Subcommittee reduced Other Funds expenditure limitation for the Debt Management Division by \$500,000 for a Rockefeller Foundation grant that the agency no longer receives.

## **CONSUMER AND BUSINESS SERVICES**

### **Department of Consumer and Business Services**

The Subcommittee approved an increase in the Other Funds limitation for the reclassification of positions in three divisions. The individual changes impacted ten positions. The adjustments included increased Other Funds expenditure limitation of \$32,660 in the Building Codes Division, \$30,878 in the Workers' Compensation Division, and \$108,488 in the Insurance Division, for a total of \$172,026. The additional expenditure limitation allows the agency to make position adjustments as approved by the Office of the Chief Human Resources Officer at the Department of Administrative Services without compromising the maintenance of the agency's ratio of supervisory to non-supervisory positions, as required under House Bill 4131 (2012).

The Subcommittee approved an increase in the Other Funds expenditure limitation of \$379,219 for the establishment of four new positions (2.52 FTE) in the Building Codes Division. These positions include a Plans Examiner 2 position to be housed in Salem and three Inspector positions (Mechanical, Plumbing, and Electrical) to be housed at the Eastern Region Office located in Pendleton. The positions will address ongoing workload increases of the Building Codes Division as the economy continues to recover.

A net decrease in Other Funds expenditure limitation of \$321,655 was made as a result of position adjustments in the Marketplace and Shared Services Divisions related to the operation of the Health Insurance Marketplace. Thirteen limited duration Program Analyst 2 positions were eliminated (-7.52 FTE) and six permanent, full-time positions (4.02 FTE) were established (one Outreach and Education Manager and five Program Analyst 2 positions). These changes result in a reduction of seven positions and \$558,617 Other Funds expenditure limitation in the Marketplace Division. This reduction was partially offset by an increase in Other Funds expenditure limitation of \$236,952 in the Shared Services Division to cover the costs of converting one part-time, limited duration Operations and Policy Analyst 4 position to a full-time, permanent position (0.50 FTE) and to add an additional Procurement and Contract Specialist 3 position (0.67 FTE).

The Subcommittee approved a \$6.4 million reduction in Other Funds expenditure limitation in order to reconcile the budget of the Health Insurance Marketplace with actual and anticipated expenditures of the program, which have been significantly different than what was anticipated in the legislatively adopted budget. The changes include reductions in anticipated expenditures due to pre-payment of contracts prior to the transfer of the insurance marketplace from Cover Oregon to the Department of Consumer and Business Services (DCBS), changes in information technology contracts, lower than anticipated personal services costs, and a reduction in anticipated payments for tax reporting errors. These reductions are partially offset by increases in legal fees and new information technology contracts.

A \$1,732,528 Other Funds expenditure limitation increase was approved for additional marketing and outreach activities of the Oregon Health Insurance Marketplace. This additional expenditure limitation will be unscheduled until DCBS completes its review and analysis of the 2016 open enrollment year campaign and its plan for the 2017 open enrollment year campaign. The legislatively adopted budget included a budget note instructing the agency to complete a plan and report on each of the publicity and publication campaigns either upcoming or implemented for the Health Insurance Marketplace Program. DCBS submitted a publicity and publication plan and report to the Interim Joint Committee on Ways and Means in January 2015; however, that plan and report did not contain detailed information for the 2017 open enrollment year campaign since the agency had not yet completed its review of the 2016 plan. The additional funding, once rescheduled, will allow the agency to maintain the same level of expenditures during the 2017 open enrollment year as in 2016.

Discussions also took place regarding pharmacy benefit managers. The Subcommittee approved the following budget note.

**Budget Note:**

The purpose of this budget note is to clarify the Department of Consumer and Business Services' (DCBS) authority to regulate pharmacy benefit managers (PBMs). DCBS is directed to convene a workgroup to develop recommendations for rulemaking regarding PBM compliance. Based on those recommendations, the agency will draft rules regarding PBM compliance and report to the appropriate legislative policy committees by November 1, 2016. The report should include the draft rules, as well as any statutory changes or clarifications necessary to fully implement the draft rules, including fee recommendations for administration of the program.

Draft rules must include, but are not limited to:

- Notification system that includes a method for informing PBMs of new regulations, and for informing PBMs of complaints, investigations, and possible sanctions
- Investigation procedures

- Fees, fines, and resolution process that includes:
  - Overall schedule of fees and fines
  - Provisions for warnings before fines, based on circumstances
  - Possible escalation of fine for multiple occurrences including combining multiple occurrences into a single complaint or enforcement action, or multiple claims related to a single reason or cause
  - Setting a maximum annual per PBM fine
  - Exceptions based on type of violation or other criteria
  - A reasonable time to re-enter compliance
  - Other provisions consistent with DCBS' existing enforcement authority and procedures

### **Bureau of Labor and Industries**

Technical adjustments are included to reflect the budget recommended to the Joint Committee on Ways and Means by the Transportation and Economic Development Subcommittee during the 2015 regular session. Multiple amendments to Senate Bill 5517 were considered during the legislative review process, and the amendment that was submitted to and adopted by the Joint Committee on Ways and Means did not properly reflect the budget recommended by the Subcommittee. The adjustments reduce the General Fund appropriation to the agency by \$113,604, increase Other Funds expenditure limitation by \$206,871, and increase Federal Funds expenditure limitation by \$2,696, for a total funds adjustment of \$95,963.

### **Oregon Public Utility Commission**

The Subcommittee increased the agency's Other Funds expenditure limitation by \$170,226 and authorized one permanent position (0.63 FTE) to increase analytic capacity to address additional agency responsibilities resulting from legislative changes to the Renewable Portfolio Standard made during the 2016 Legislative session.

## **ECONOMIC AND COMMUNITY DEVELOPMENT**

### **Oregon Business Development Department**

The Subcommittee reduced the General Fund appropriation for debt service by \$1,328,407, and established a \$1,330,500 Other Funds expenditure limitation for general obligation bond debt service. Debt service for general obligation bonds is paid by the General Fund; however, the agency will substitute \$1,330,500 of Article XI-M and Article XI-N bond proceeds, and interest earned on those proceeds, to pay debt service, in lieu of General Fund. The proceeds are from bonds originally issued for the Seismic Rehabilitation Grant program in 2010, 2011, and 2012. These proceeds were not used for seismic projects and will instead be used to offset debt service costs in the current biennium.

The Subcommittee increased Lottery Funds support by \$3.5 million. This includes an increase for employee compensation changes and \$960,514 Lottery Funds, approved on a one-time basis, for new or expanded programs. The Subcommittee increased Lottery Funds support for the Oregon

Wave Energy Trust by \$200,000, bringing current-biennium support to \$450,000 Lottery Funds. Lottery Funds were increased by \$400,000 to reapprove funding for replacement of the Port of Port Orford Cannery Building for one more biennium. Funding for this project was initially approved in the 2013-15 biennium. The Subcommittee also approved \$100,000 of Lottery Funds to conduct a Willamette Valley Intermodal Hub Feasibility Study, to evaluate the viability of a strategic intermodal hub to optimize container shipment of Oregon agricultural products.

Lottery Funds totaling \$260,514 and two positions (1.00 FTE) were approved to address administrative costs associated with the expansion of grant activity in the Seismic Rehabilitation Grant Program. The Department will need to fill the newly-established positions for three years beginning July 1, 2016, and will include a policy option package in its 2017-19 biennium budget request to convert the two approved positions from permanent to limited-duration status. The Department is also instructed to report to the Legislative Fiscal Office, following each sale of Article XI-M or Article XI-N general obligation bonds, on the projects and dollar amounts of project grants financed by the bond sale, as well as on the amount of bond proceeds budgeted for agency administrative costs.

The Subcommittee established a \$1 Other Funds expenditure limitation for the American Manufacturing Innovation District, and increased Other Funds by \$54,868 for cost of issuance of lottery revenue bonds for this project. The American Manufacturing Innovation District is a collaborative effort between government, industry, and academic institutions to invest in manufacturing infrastructure to promote advanced manufacturing. A total of \$2.5 million of lottery revenue bond proceeds are authorized for this project in House Bill 5202, which also authorizes \$5 million of Article XI-G bond proceeds for distribution to Portland Community College (PCC) in support of this project. The Subcommittee limited expenditure of bond proceeds to \$1, pending a joint presentation with PCC of a business plan for developing the District. Debt service costs for the lottery revenue bonds authorized for this project are projected to total approximately \$535,000 Lottery Funds per biennium, beginning in the 2017-19 biennium. Because the bonds will not be issued until spring 2017, there will be no debt service payments due in the current biennium.

The Subcommittee also approved a technical correction to the budget for the State Small Business Credit Initiative (SSBCI) program. This correction increases Other Funds expenditure limitations in the Business, Innovation and Trade Division by \$388,773, and reduces the Division's Federal Funds expenditure limitations by the same amount. The SSBCI is funded from a federal grant the agency secured in 2011 that provided Federal Funds for revolving loan programs. It was noted when the grant was received that administrative costs for the program would transition to Other Funds over time, as the grant money was loaned out and the loan repayments were re-categorized as Other Funds. The Subcommittee added this anticipated fund shift, which had not been included in the agency's budget, to the bill.

Federal Funds expenditure limitation was increased for the Business, Innovation and Trade Division by \$450,000 for expenditure of funds received under the Year 4 State Trade and Export Promotion grant program. This increase more than offsets the \$388,773 Federal Funds expenditure limitation decrease for SSBCI and results in a net increase of \$61,227 for the Business, Innovation and Trade Division Federal Funds expenditure limitation.

Finally, the Subcommittee approved a budget adjustment to increase Nonlimited Other Funds expenditures by \$5,820,000. This adjustment reflects a greater level of loan repayments than originally anticipated in the budget. Loan repayments are not limited in the agency budget. The adjusted level of Nonlimited Other Funds in the Infrastructure Finance Authority will include approximately \$24.2 million of loan repayments.

### **Employment Department**

A technical adjustment is included for the Employment Department to more accurately reflect the amount expected to be utilized by the agency from \$85 million in modernization funds appropriated to the agency through the federal Social Security Act. Close of session budget reconciliation adjustments resulted in more dollars being available from the Supplemental Employment Department Administrative Fund for Department operating expenditures. This adjustment does not change the overall amount of the agency's recommended budget, merely the source from which the Department can make expenditures. As such, the appropriation of modernization funds made to the Department is decreased by \$17 million; sufficient Other Funds expenditure limitation exists to enable the Department to make equivalent expenditures from a combination of Supplemental Employment Department Administrative Funds and the Special Administrative Fund.

### **Housing and Community Services Department**

The Subcommittee approved an increase in General Fund of \$2,727,660 for counseling services associated with the Oregon Foreclosure Avoidance Program. The 2015-17 legislatively adopted budget included \$1.4 million General Fund, which was estimated to be sufficient through February 2016. The Housing and Community Services Department was directed to report back to the Legislature on program utilization, foreclosure rates, and actual monthly expenditures to counseling agencies. The additional General Fund is included for program expenditures for the remainder of the 2015-17 biennium, as follows: \$2.36 million for counseling services provided on a fee-for-service basis as indicated via contract with the Housing and Community Services Department; \$233,333 for legal aid services for counseling clients with particularly complicated circumstances; and \$127,480 for agency program administration, with the understanding that the Department of Administrative Services will unschedule \$275,000 of the amount. Funding for the program is not anticipated to be ongoing, although the agency may request funding for consideration during the 2017-19 budget process.

Also included is a one-time General Fund appropriation in the amount of \$10 million to the Housing and Community Services Department to be utilized as follows: \$8 million is for homelessness assistance and prevention services through the Emergency Housing Assistance (EHA) program and \$2 million is to the State Housing Assistance program (SHAP) for operational support for emergency shelters and supportive services to shelter residents. Funding for the EHA program is spent as Other Funds by the Department, and is reflected in an additional \$8 million in Other Funds expenditure limitation.

Other Funds expenditure limitation in the amount of \$2,554,868 is included to enable the Housing and Community Services Department to expend proceeds from the sale of lottery bonds for preservation of affordable housing with expiring federal subsidies. Of this amount, \$2.5 million is attributable to project costs and \$54,868 is related to cost of issuance. Eligible projects for which these funds can be expended are defined as the following:

- Privately owned multi-family rental properties where at least 25% of the units are subsidized by a project-based rental assistance contract through the U.S. Department of Agriculture Rural Development or the U.S. Department of Housing and Urban Development;
- Existing manufactured housing communities to be acquired by a mission-based non-profit organization, resident cooperative, tenants' association, housing authority, or local government; or
- Public housing projects undergoing a preservation transaction which involves a comprehensive recapitalization and which will secure ongoing rental subsidies.

### **Oregon Department of Veterans' Affairs**

The Subcommittee approved an increase in Other Funds expenditure limitation of \$499,999. The Oregon Department of Veterans' Affairs (ODVA) received a 2015 grant from the U.S. Department of Veteran's Affairs in the amount of \$500,000 for transportation of Oregon veterans in highly rural areas to medical appointments. Awards of \$50,000 per county will be used to preserve and maintain transportation programs established with the 2014 federal grant award. The counties receiving funds are Baker, Gilliam, Grant, Harney, Lake, Malheur, Morrow, Sherman, Wallowa, and Wheeler. ODVA acts as the applicant and grantee on behalf of the counties, and will pass through funds and monitor compliance with grant requirements. The grant is for a period of one year and requires no matching funds or additional positions for administration. A placeholder amount of \$1 in Federal Funds expenditure limitation was included in the legislatively adopted budget for the agency.

## **EDUCATION**

### **State School Fund**

The Subcommittee approved a decrease of \$39,553,391 General Fund and an increase of \$39,553,391 Lottery Funds for the State School Fund. These changes reflect the balance of available General Fund and Lottery Funds for the overall state budget and maintains the amount of \$7,376 million total funds for the State School Fund for the 2015-17 biennium.

### **Department of Education**

The Subcommittee approved changes in the Federal Funds expenditure limitations for agency operations for federal grants received by Department of Education as described below:

- An increase of \$7,130,223 for a three-year federal grant from the U.S. Department of Education's Office of Innovation and Improvement. The purpose of the grant is to increase the number of high-quality charter schools by providing assistance to potential charter schools for planning, program design, and initial operations. Funds will also be used to share best practices among all charter schools and sponsoring districts. One limited duration position (0.63 FTE) was approved relating to the grant.
- An increase of \$1,160,860 for three separate child nutrition grants from the U.S. Department of Agriculture. The three grants were the Professional Standards Training grant (\$138,915), the Team Nutrition grant (\$203,563), and the Tier 2 Direct Certification Improvement grant (\$818,382). A limited duration position (0.63 FTE) was approved for the Tier 2 Direct Certification Improvement grant.

The Subcommittee approved an increase of \$515,200 Other Funds expenditure limitation to cover costs of an increase in the number of students participating in the Hospital Program. The agency is required to provide and pay for the costs of educational services for children, through age 21, who are expected to be hospitalized for an extended period of time. This increase will be funded through an increased distribution from the State School Fund. Also approved was a transfer of \$51,458 General Fund from the breakfast and summer food programs under Grant-in-Aid to agency Operations for the administration of the Farm-to-School program. A one-time increase in the Other Funds expenditure limitation of \$2,030,515 for the Oregon School for the Deaf was approved for deferred maintenance, including replacement of the School's Heating Ventilation Air Conditioning, or HVAC, system. The source of funds for this includes moneys set aside from the sale of the School for the Blind property,

income from the rental of school facilities, and the anticipated sale of a vacant parcel of school property. The Department of Administrative Services is instructed to unschedule this increase until the final cost of the project is determined and the sale of the vacant property is completed.

To ensure that debt service payments on education-related Lottery Bonds are funded from the proper sources, the Subcommittee approved changes to the amount of Lottery Fund resources allocated to the Department of Education. House Bill 5016, the 2015 appropriation bill for the agency, allocated the entire \$1,434,927 required for debt service payments from the Oregon Education Fund. The actual allocation is \$593,395 from the Oregon Education Fund and the remaining \$841,532 is from the Administrative Services Economic Development Fund.

The Subcommittee approved an increase of \$3,130,000 General Fund for the Oregon Department of Education's agency operations to fully fund the Assessment and Accountability unit. The 2015-17 budget for this unit was inadvertently underfunded by \$3,771,938 General Fund and needs these funds to meet its responsibilities and commitments. This budget gap is resolved by transferring \$930,000 General Fund from the Grant-in-Aid budget in unallocated resources and an increase of \$2,200,000 in new General Fund resources. The remaining \$641,938 is to be found by the agency in savings in its existing agency operations budget, including holding positions vacant in the unit. There is also a transfer of \$2,000,000 in excess Federal Funds expenditure limitation from the Grant-in-Aid budget to Operations, and an additional increase of \$1,971,397 in Federal Funds expenditure limitation to match the amount of federal funding available for this function.

General Fund increases for existing programs were approved as described below:

- Funding for the Oregon Pre-Kindergarten program was increased by \$5.3 million, bringing the total General Fund resources for this program to \$145.3 million.
- Funding for the Early Intervention and Early Childhood Special Education programs was increased by \$5,393,340 General Fund. This increase reflects, in part, the growth in these two programs at a rate greater than estimated at the end of the 2015 session. Total General Fund resources for these programs, including this increase, is \$155.8 million.
- The Relief Nurseries program was increased by \$300,000 General Fund, bringing the total General Fund available for the 2015-17 biennium to \$8.6 million. This additional funding and the \$700,000 General Fund appropriated by chapter 837, section 109, Oregon Laws 2015 should be considered permanent for the purposes of developing the 2017-19 budget.

One-time General Fund appropriations were approved by the Subcommittee for new programs and grants as described below:

- \$260,000 General Fund for a grant to the Burnt River School District for the Burnt River Integrated Agriculture/Science Research Ranch program. This program provides educational opportunities to students from outside the district, including from the Portland area, and provides a number of educational services outside of the core curriculum common to all high school students, including natural resource studies, agricultural experience, water quality monitoring, animal husbandry, sustainable rangeland science, forest restoration, and organic food production.
- \$400,000 General Fund for grants to organizations which provide training and assistance relating to culturally relevant educational practices authorized as eligible services under the Network for Quality Teaching and Learning under House Bill 4033. Grants of equal value are to be provided to two organizations: (1) Center for Culturally Responsive Practices and (2) Teaching with Purpose.

- \$95,000 General Fund appropriation for a grant to the World of Speed organization for the High School Automotive Career Technical Education program. The organization partners with Clackamas Community College and area high schools to provide automotive related career technical education (CTE). Other high schools have expressed interest and the \$95,000 would be used to match other contributions to the program, assisting with cost of transporting students to the facility for classes, and other program costs.

The Subcommittee eliminated the \$17,540,357 General Fund special purpose appropriation to the Emergency Board for the mixed delivery preschool program established in House Bill 3380 (2015) and directly appropriated the same amount to the Oregon Department of Education for the same purpose. The intent is for this funding to be distributed to four to six Early Learning Hubs that demonstrate that the Hub and the providers in their service area are prepared to implement the mixed delivery preschool model beginning in September 2016. In developing the 2017-19 current service level budget for this program, only the full two-year costs of this appropriation should be factored into the calculation. Any further expansion to add new Early Learning Hubs should be a separate policy decision made by the Legislature during the 2017 session. In addition to the annual report to the Legislature required in House Bill 3380 (2015), the agency is instructed to report to the Emergency Board prior to June 1, 2016 on which Early Learning Hubs were selected, the number of preschool providers estimated to be delivering the program, the estimated number of children that will be served under the program, and an update on the various cost components of the program.

One permanent Research Analyst 3 position (0.63 FTE) was approved to manage and analyze information collected through the Class Roster data from school districts under House Bill 2644 (2013). The agency will identify the funding from existing resources for the 2015-17 biennium.

#### **Higher Education Coordinating Commission**

The Subcommittee approved a one-time \$1,800,000 General Fund appropriation to the Higher Education Coordinating Commission (HECC) for a grant to Umpqua Community College (UCC) to address the issues resulting from the shooting incident on the UCC campus on October 1, 2015. The funding may be used for: (1) staff, including security staff; (2) upgrading security communications equipment, door locks, and campus lighting; (3) upgrading the campus's network fiber system to accommodate the new communications equipment; and (4) other costs related to the October 1st incident. HECC is to report back to the Legislature as part of its budget presentation to the Joint Committee on Ways and Means in 2017 on how these resources were expended. Also approved was a one-time \$4,250,000 General Fund appropriation to HECC for a grant to UCC for the construction or renovation of a replacement for Snyder Hall where the shooting incident took place. The College is currently not using the classroom space in the building and is relying on temporary structures to replace some of the space.

The Subcommittee recognized the Community Colleges' needs regarding campus and student security and safety issues which were illustrated, in part, by the shooting incident at UCC. The Governor has appointed a workgroup to recommend actions and investments for security and safety at Community College and other Post-Secondary institutions. Based on the recommendations of the workgroup and the Community Colleges, the Legislature will address this issue during the 2017 session.

An \$804,506 increase in Other Funds expenditure limitation was approved by the Subcommittee for payment of the costs of issuing General Obligation bonds on behalf of community colleges and public universities. This increase represents the estimated amount required if all of the bonds authorized for the 2015-17 budget cycle are issued by the end of the current biennium.

The Subcommittee also approved three one-time General Fund appropriations to HECC to be allocated to Oregon State University. The first appropriation is \$800,000 for the Northwest National Marine Renewable Energy Center to serve as match for federal funds for the Pacific Marine Energy Center South Energy Test Site. The federal government has made an initial \$5 million available to fund a competitive grant to further develop a wave energy test facility, with the expectation that a 25% local match will be provided. HECC is only to release the funds if Oregon State University is awarded the grant. The second appropriation is \$100,000 for endophyte research which is to be matched by private dollars. These funds are to be used only for endophyte research in support of Oregon's fiber and straw export industry. A report to the Legislative Fiscal Office on how the funds were used in support of endophyte research and what was made possible by this additional influx of funds should be made by December 31, 2016. The third is \$100,000 for the purpose of establishing an endowed scholarship fund through the Oregon State University Foundation. The scholarship must be used to support students engaged in research associated with Amyotrophic Lateral Sclerosis (ALS).

The Subcommittee approved a one-time General Fund appropriation of \$1,900,000 for the four technical and regional universities, along with Portland State University, to help fund new compensation agreements for classified staff. HECC is directed to distribute the following amounts to the following universities: Portland State University - \$400,000; Eastern Oregon University - \$251,559; Southern Oregon University - \$468,591; Western Oregon University - \$485,646; and Oregon Institute of Technology - \$294,204.

**Budget Note:**

The Subcommittee recognizes that the Current Service Level (CSL) is intended to estimate the cost of legislatively approved programs in the upcoming biennium. In 2009, the Joint Committee on Way and Means approved the adoption of a CSL model for the Community College Support Fund (CCSF) to reflect health benefit and retirement costs expected to exceed the Department of Administrative Services standard inflation rate.

To ensure consistency in post-secondary state support CSL calculations, the Department of Administrative Services (DAS) and the Legislative Fiscal Office (LFO) are directed to develop, in consultation with the Higher Education Coordinating Commission and the seven public universities, an estimated cost of applying the Community College Support Fund model to the Public University Support Fund, the Agricultural Experiment Station, the Extension Service, the Forest Research Laboratory, and Public University State Programs. The estimate will include data elements that the public universities will be required to submit to HECC in order to implement the model.

DAS and LFO will provide the estimated cost to implement the Community College Support Fund CSL model for Public University state support to the Emergency Board, through the Legislative Fiscal Office, by July 1, 2016.

**Chief Education Office**

The Chief Education Officer, in cooperation with other education agencies, has completed the steps necessary to receive Stage Gate 3 approval to move forward on the development of the Statewide Longitudinal Data System (SLDS). This means the project staff have completed the required project management documents with approval from the State's Chief Information Officer. As a result, the Subcommittee approved \$5,505,280

General Fund for the project development and staff for this biennium. Based on the project's schedule, this will leave one quarter's worth of development costs for 2017-19. Ongoing costs for the Data System, starting in 2017-19, are estimated to be roughly \$3.0 million per biennium, including staff for the operation, data integration, and maintenance, as well as the network-related costs due to the Department of Administrative Services (DAS). Also approved were 3 new permanent positions (1.75 FTE) and an additional 1.86 FTE to continue three existing limited duration positions for the remainder of the biennium. Two of these three limited duration positions, the Project Director and Systems Integration positions, are made permanent. DAS is instructed to unschedule \$495,000 of this appropriation, which represents the project contingency funds. The agency can make a request to DAS and the Legislative Fiscal Office to reschedule these contingency funds if need arises before the end of the biennium. The Chief Education Office is instructed to report to the Emergency Board prior to October 1, 2016 on the project's progress and expenditures.

### **Teacher Standards and Practices Commission**

Senate Bill 78 (2015) appropriated \$200,000 General Fund to the Teacher Standards and Practices Commission to be transferred to the Teacher Education Program Accreditation Account. This funding was intended to support grants for teacher education programs that incur costs associated with national teacher accreditation. According to current accounting practices, the agency needs to expend the \$200,000 as "Other Funds," requiring an Other Funds expenditure limitation increase of \$200,000 so these grants may be awarded.

### **Various Agencies**

The Subcommittee approved the transfer of \$2.0 million General Fund from the Oregon Department of Education (ODE) to the Higher Education Coordinating Commission (HECC). These funds had been part of a larger investment in Career and Technical Education (CTE) and Science Technology Engineering and Mathematics (STEM) programs appropriated to ODE in House Bill 5016 (2015). One component of this CTE and STEM investment was a program related to post-secondary success to provide start-up funding and support services for the recruitment, retention, and attainment of underserved students in post-secondary programs related to high-demand fields including, but not limited to, health sciences, computer science, engineering, high tech manufacturing, precision agriculture, and advanced food processing. This program is more appropriately administered by HECC.

The Subcommittee approved one-time increases in the General Fund appropriations for the Chief Education Office, HECC, and ODE for student transitional services and supports between secondary and post-secondary education. This distribution reflects, in part, the product of a workgroup organized by HECC to recommend what services should be funded by a \$6,865,921 General Fund special purpose appropriation made in Senate Bill 418 (2015). This bill eliminates the special purpose appropriation and uses some of these resources to fund transitional services under House Bill 4076. Additionally, a total of \$4,025,000 is appropriated for transitional services and supports between secondary and post-secondary education as outlined below.

	<b>General Fund Appropriation</b>
<b>Chief Education Office</b>	
Summer summit for high school and post-secondary staff including counselors and financial aid staff	\$ 300,000
Local collaboration between high school counselors and post-secondary advisors	\$ 700,000
<b>Higher Education Coordinating Commission (HECC)</b>	
Community College support for improved Developmental Education models	\$ 600,000
Community College support for development and alignment of Career Pathways	\$ 600,000
Expansion of eMentoring for Oregon Promise students	\$ 120,000
Statewide expansion of FAFSA Plus	\$ 105,000
Subscription of Signal Vine connecting with students via two-way texting	\$ 100,000
Evaluation and tracking implementation of transitional supports and services in this bill	\$ 50,000
<b>Oregon Department of Education</b>	
License for College and Career Readiness counselor training modules	\$ 50,000
Expansion of AVID or similar program for high schools	\$ 1,400,000
<b>Total</b>	<b>\$ 4,025,000</b>

## HUMAN SERVICES

### Oregon Commission for the Blind

The Subcommittee approved one-time increases of \$680,109 General Fund, \$199,049 Other Funds, and \$3,248,343 Federal Funds to purchase vending machine equipment for the agency's Business Enterprise Program. The Department of Administrative Services is expected to unschedule these amounts, which may only be rescheduled based upon the successful request of federal reallocation funds from the U.S. Department of Education.

### Oregon Health Authority

Senate Bill 5701 adjusts the Oregon Health Authority (OHA) budget for updated pricing of program caseloads, costs, and revenues to "rebalance" the budget. This information was presented at the January 2016 meeting of the Interim Joint Committee on Ways and Means. The agency's rebalance plan resulted in an overall General Fund shortfall of \$37.6 million. This net position included budget problems of \$129.7 million General Fund related to increases in caseload and other program costs. Savings of \$67.1 million General Fund resulted from a change in the federal match rate, as well as from additional revenues from a number of sources. In addition, the agency is planning to implement management

actions to decrease costs by \$25 million General Fund. These include an acceleration of the redetermination process next year, a delay in fee-for-service rate adjustments, and enhanced savings from program integrity efforts, including fraud detection.

The rebalance plan increases Federal Funds expenditure limitation by almost \$1 billion, mostly related to the increased caseload forecast. There are also a number of technical adjustments included in the rebalance. While these normally net to zero for the agency as a whole, in this case there is a transfer of 14 positions from the Department of Human Services to OHA.

As discussed during the 2015 legislative session, the agency has implemented an agency restructure as a part of this rebalance. The new structure is designed to promote health care transformation, including integration of physical, behavioral, and dental health. This structure better reflects the new work of coordinated care organizations, as well as public health programs aligned with system transformation. Most significantly, the old Medical Assistance Programs (MAP) and Addictions and Mental Health (AMH) are eliminated in the restructure, with MAP and community mental health and addictions programs moving to the new Health Systems Division (HSD). The Oregon State Hospital (OSH) will now be its own budget structure.

As a part of the agency restructure, a thorough review of positions was conducted. Partly historical, dating back a number of years, and partly as a result of the implementation of health care transformation and the Affordable Care Act when many staff were brought on to perform time-sensitive tasks, the agency found itself with many staff but without appropriate position authority. In addition, as health care transformation moved forward, the agency needed fewer positions in some areas but more and/or different kinds of positions in other areas. The true-up included in the rebalance resolves issues of permanent staff not having position authority, as well as limited duration staff that had been used for on-going functions and priorities now becoming permanent positions. Overall, the changes are budget neutral and result in a reduction of two positions and an increase of 9.52 FTE.

The agency continues to face a number of budget risks that were not explicitly included in the rebalance plan. These include changes to caseloads, prescription drug costs, increased Aid and Assist population in the Oregon State Hospital, and costs of pending litigation. The special purpose appropriation of \$40 million that was established during the 2015 legislative session for OHA or the Department of Human Services will remain in place to address caseload costs or other budget challenges that the agencies are unable to mitigate.

The Subcommittee approved the agency's rebalance plan, with one notable exception. Costs of \$17 million General Fund related to the Medicaid Oregon eligibility (ONE) system were not funded at this time. These are costs to maintain the old eligibility system for litigation purposes after the contract with Oracle expires in March 2016. In addition to rebalance adjustments, the Subcommittee approved \$25 million of additional hospital assessment revenue that is remaining from the program ending September 30, 2015, which will be used in the budget in place of General Fund.

Overall, the adjustments made in Senate Bill 5701 result in an increase in the agency's total funds budget of \$1.1 billion, a reduction of General Fund of \$1.5 million, and an increase of 21 positions (22.88FTE). These numbers do not include budget changes related to employee compensation cost changes, which total \$20.8 million General Fund and \$37.8 million total funds, and are also included as part of Senate Bill 5701.

A more detailed description by program area follows.

#### Health Systems Division

The budget adjustments in Senate Bill 5701 reflect a net \$8.3 million decrease in General Fund in the Health Systems Division (HSD), with a \$75.4 million increase in Other Funds expenditure limitation and a \$964.7 million increase in Federal Funds expenditure limitation.

The rebalance plan for HSD approved by the Subcommittee includes increased caseload costs of \$84.4 million General Fund. Caseload forecasts are up primarily because redeterminations have been delayed several times over the past year. With the recent implementation of the new ONE eligibility system, the agency anticipates catching up on redeterminations over the next year. While the caseload forecasts have attempted to build in the timing of these redeterminations, forecast risks will remain higher than usual until the data has settled down over an extended period of time and there is good historical information on which to base the forecasts. Other costs include \$10.7 million General Fund for an increase in the Medicare Part D clawback required by the Centers for Medicare and Medicaid Services (CMS). Medicare Part B premiums have also increased, resulting in a General Fund need of \$7.2 million. Oregon pays these premiums for clients that are eligible for both Medicare and Medicaid. Eight additional Federally Qualified Health Centers (FQHCs) are moving to the alternative payment methodology, resulting in a one-time cost of \$3.1 million General Fund.

The rebalance plan includes a General Fund need of \$20.9 million General Fund for the new ONE eligibility system. Additional refinement of operational and maintenance costs for the system have resulted in a need for \$3.9 million General Fund above what is currently budgeted. The remaining \$17 million represents the costs to maintain the old eligibility system for litigation purposes after the contract with Oracle expires in March 2016. The Subcommittee did not approve that \$17 million General Fund in the final budget.

The rebalance plan includes a total of \$63.4 million General Fund savings in HSD. This includes a \$10.2 million savings resulting from an increase in the federal match rate for Oregon, and \$11.8 million freed up by an increase in the tobacco tax revenue forecast for the biennium. In addition, \$25 million of Other Funds are left over from 2013-15 and can be used to replace General Fund for the current biennium. Settlements and drug rebate revenues are coming in about \$15 million above budget and will replace General Fund as well. Finally, caseloads related to forensics patients living in the community went down slightly for a savings of \$1.4 million.

The rebalance plan includes management actions to decrease costs by \$25 million General Fund, all in HSD. These include an acceleration of the redetermination process next year, a delay in fee-for-service rate adjustments, and enhanced savings from program integrity efforts, including fraud detection. Finally, the rebalance includes an additional \$964.7 million in Federal Funds expenditure limitation, primarily because of the increased caseload. An addition of \$40.4 million Other Funds expenditure limitation results from the additional revenues discussed above.

In addition to rebalance adjustments, the Subcommittee adjustments include the addition of \$35 million of additional hospital assessment revenue that remains from the assessment program that ended September 30, 2015. Of the total, \$25 million will be used to replace General Fund in the 2015-17 budget, while the remaining \$10 million Other Funds has been approved for one-time investments in rural hospital transformation and sustainability as outlined below. These recommendations were brought forward by a workgroup required by a Senate Bill 5507 (2015) budget note.

For investment in rural health provider workforce capacity, it is expected that at least \$1.5 million Other Funds will be used to support the work of Oregon's Graduate Medical Education Consortium.

Investments in small and rural hospital transformation strategies include: establish transitional post-acute care programs (cost of \$4 to \$7 million over three years), establish virtual clinics in communities with acute primary care shortages (cost of up to \$1.1 million), and provide education for rural providers on population health (cost of \$100,000). Costs associated with each option available to rural hospitals will depend on the number of hospitals that pursue each option. Rural hospitals have the flexibility to select one or more options depending on local needs. The funding for hospital programs will be distributed through OHA, to the Oregon Association of Hospitals Research and Education Foundation, which will collaborate with OHA to identify related baseline and outcome data on each project and report that data to OHA as well as provide the funding to implement each of the projects available to rural hospitals.

The following budget note was approved by the Subcommittee.

**Budget Note:**

The Oregon Health Authority shall identify and track related outcomes on each project that is implemented as a result of the \$10 million investment in rural hospital transformation and sustainability, shall provide regular updates to the Legislative Fiscal Office and the Department of Administrative Services Chief Financial Office, and shall report back to the Joint Committee on Ways and Means during the 2017 legislative session on the implementation and status of the projects, outcomes to date, costs to date, as well as recommended policies which will improve population health outcomes in rural Oregon.

The Subcommittee included \$2 million General Fund for the Medicaid Primary Care Loan Repayment Program. This program was funded in the 2013-15 biennium, but not in the current biennium. The budget also includes \$0.5 million General Fund for negotiated compensation cost changes for non-state employees. As discussed above, most of the special purpose appropriation of \$10.7 million, which had been set aside for this purpose, was distributed to OHA and the Department of Human Services.

The Subcommittee included \$900,000 of one-time General Fund for planning and start-up costs related to providing medical assistance for additional children in Oregon. The following budget note was approved.

**Budget Note:**

The Oregon Health Authority is directed to develop a plan and recommendations for extending medical assistance to children not eligible under ORS 414.231(3) including: eligibility criteria, coverage options, enrollment estimates, issues of equity and inclusion, integration with other programs, outreach, administrative and staffing changes, phasing options, and cost estimates. In developing the recommendations, the agency is expected to engage stakeholders and legislators, and utilize information on experiences in other states. The agency will report back to the appropriate committees during the 2017 legislative session on their plan and recommendations.

### Oregon State Hospital

The rebalance plan approved by the Subcommittee for the Oregon State Hospital (OSH) includes \$2.7 million General Fund to finish the implementation of the Avatar system, the electronic health record system at the hospital. Much of the Avatar system has been completed and adopted into the normal workflow processes. This includes the Clinician Work state, Lab Management, and Food and Nutrition Services. However, the Medication Management and the Billing modules have not yet been fully implemented and adopted into the workflow processes. Implementation of the medication management module will allow the use of automated dispensing of medication, as well as electronic medication administration records. A recent Secretary of State audit noted the importance of finishing this work, both from an efficiency and patient safety perspective. The Billing module will assist in more accurate and timely reimbursement requests to Medicare, Medicaid, and third party insurance providers. The agency has contracted with a company to assist with the final adoption and implementation of these parts of the system.

The rebalance plan also includes the transfer of \$10 million General Fund from OSH to Statewide Assessments and Enterprise-wide Costs (SAEC). This funding was put in the OSH budget to be used for cost allocation purposes once the agency had done a thorough review of cost allocation issues within OSH and agreed with CMS on a new cost allocation plan. Once cost allocation is actually implemented, the funding will need to be in SAEC.

Although the agency believed it was too early to bring forward as a formal request, there is risk to the Oregon State Hospital budget. The Aid and Assist population at the hospital continues to grow and may ultimately result in the need to open an additional ward. The agency is in the process of implementing several investments that are expected to ease the pressure from this population, and so at this point is not requesting any funding. OSH is also closely monitoring the use of overtime, particularly as it relates to staff use of the federal Family and Medical Leave Act, and may eventually request additional positions to deal with these issues.

### Public Health

The Subcommittee approved an Other Funds expenditure limitation of \$4.0 million and two permanent positions (1.00 FTE) for a youth marijuana-use prevention pilot project as required in House Bill 4014. The one-time funding for this program will be transferred from the Oregon Liquor Control Commission Account, to be repaid out of marijuana tax revenues. This evidence-based pilot project will serve as a basis for establishing a statewide program during the 2017-19 biennium. The distribution of marijuana taxes during the 2017-19 biennium may be adequate to fund the statewide program, but if not, the agency will need to request additional funding to operate an ongoing program.

The agency anticipates establishing a new fee for medical marijuana processors, and increasing the fee on growers, effective April 1, 2016. These fees are necessary to pay for the increased costs to the program with the changes that resulted during the 2015 session. The increased expenditure limitation was included in the agency's 2015-17 legislatively adopted budget.

The agency anticipates a fiscal impact from House Bill 4014 and Senate Bill 1511, which make changes to both the medical marijuana and recreational marijuana systems. In addition to the pilot project discussed above, House Bill 4014 requires the agency to issue receipts to medical marijuana registry applicants on the same day that they are received. This is expected to require additional staff. Senate Bill 1511 allows producers, processors, and distributors that currently are limited to medical marijuana only to choose to operate in both the medical and recreational markets. In that case, both the licensing revenue and the regulatory functions related to those entities will move to the Oregon Liquor

Control Commission (OLCC). In the short run, this will create additional workload for program staff in Public Health, as paperwork is completed to allow the entities to shift. In the long run, OHA estimates up to a \$5.6 million loss of revenue during the 2015-17 biennium, as producers, processors, and dispensaries opt to be licensed and registered by OLCC. While the agency would also experience some cost reductions as less regulatory work would be required, it is likely that the revenue reduction would occur sooner than the costs can be reduced. The overall effects cannot be estimated accurately at this time.

The agency expects to include the necessary adjustments to expenditure limitation, as well as adjustments to numbers and classifications of positions needed, in the rebalance they will submit during the fall of 2016. In their rebalance report, the agency will also report on the estimated revenue loss and its program impact. A number of on-going core public health programs are funded with fee revenue generated through the medical marijuana program. If revenues are inadequate to fund these programs, General Fund could be required to continue these programs, or the programs would need to be reduced or discontinued. These programs include state support for local public health departments, the Safe Drinking Water Program, Emergency Medical Services, and others.

One full-time position (0.38 FTE) was approved for the Prescription Drug Monitoring Program for workload associated with House Bill 4124.

#### Central and Shared Services/Statewide Assessments and Enterprise-Wide Costs

The rebalance plan approved by the Subcommittee for the administrative units of the agency includes \$0.6 million General Fund for mass transit costs and treasury fees that were not included in the original budget. In the future, these need to be incorporated in the budget build process.

Debt service is also included within these budget units. The Oregon State Hospital Replacement Project is expected to close out with a surplus of \$3.7 million in bond proceeds. This surplus will be used to pay down debt service and free up General Fund. Another \$0.4 million Other Funds expenditure limitation has been identified by the Department of Administrative Services as available to pay debt service on these bonds, also freeing up General Fund.

#### Department of Human Services

The 2015-17 budget for the Department of Human Services (DHS) is built around nine budget structures and five appropriations. The budget structures reflect five direct program areas: Self Sufficiency (SS); Child Welfare (CW); Vocational Rehabilitation (VR); Aging and People with Disabilities (APD); Intellectual and Developmental Disabilities (IDD); and four program support functions: Program Design Services (PDS), Central Services (CS), Shared Services (Shared), and State Assessments and Enterprise-wide Costs (SAEC).

The majority of the DHS budget adjustments approved by the Subcommittee are driven by actions needed to rebalance the agency's budget. At the January 2016 meeting of the Interim Joint Committee on Ways and Means, the agency presented a rebalance report indicating a significant funding need – \$71.7 million General Fund – to sustain programs for the remainder of the biennium. This projection incorporates a number of issues affecting the agency's budget, including caseload changes, increases in cost per case, and other program changes or issues arising since the 2015 legislative session.

The biggest drivers of the budget deficit are caseload costs in the APD and IDD programs, some of which are compounded by collective bargaining actions and federal regulations. While these issues were identified as budget risks during the 2015 session and handled either directly in the budget or through special purpose appropriations, some costs were not adequately estimated. In addition to costs, the DHS rebalance calculation does factor in caseload savings in Temporary Assistance for Needy Families (TANF) and from federal match rate changes. The approved rebalance plan addresses part of the budget gap by directly adding \$37.4 million General Fund to the budget; however, this leaves about \$34.9 million General Fund associated with APD and IDD caseload costs unfunded (as of the current projection; the unfunded amount may change as expenditures are recorded and projections evolve).

The special purpose appropriation of \$40 million that was established during the 2015 legislative session for DHS or OHA has been left untouched and continues to be available for the Emergency Board to allocate to help cover caseload costs or other budget challenges that the agencies are unable to mitigate. However, if demand ends up being greater than the amount of funding set aside, other legislative action may be required early in the 2017 session. DHS will continue to closely monitor caseload counts and costs in all programs, while continuing to develop long term solutions to ensure budget sustainability.

Regarding sustainability, the budget report for House Bill 5026 (2015), contained a budget note directing the agency to report, during the 2016 legislative session, on ways to ensure program sustainability specifically for the APD and IDD programs. This direction was in response to concerns about budget growth and increases in both caseload volume and costs. The agency engaged an external consultant to support the development of independent and unbiased options for program sustainability. The final report, produced by the Lewin Group, was received on February 10, 2016, and identifies potential strategies for “bending the cost curve” in these programs. Suggestions primarily revolve around changing eligibility, modifying services, and increasing participant cost-share. Input from stakeholders was included in the report; while they acknowledge that projected program costs are unsustainable, there are varying perspectives on how best to deal with costs.

Legislative members expressed frustration with the report, as it had a limited amount of modeling, was unable to capture all potential budget drivers, and did not result in a list of succinct options for potential action. Both the Lewin Group and DHS indicated this was primarily due to time and data constraints. A group of legislators, primarily from the policy and budget committees overseeing human services issues, is committed to working with the agency and stakeholders to develop policy and program change options discrete enough to be fully vetted and priced for potential budget action in the 2017 legislative session. DHS has also identified some areas where it can start to make some changes, mostly around best practices for assessing client needs and validating that the most appropriate services/service levels are being authorized. To formalize these efforts, the Subcommittee adopted the following budget note:

**Budget Note:**

- 1) The Department of Human Services is directed to take steps to provide policy and budget options for decision making that will be required during the 2017 legislative session to ensure future sustainability of the APD and IDD programs. Steps include further refinement, analysis, and pricing of viable options or ideas brought forth by the agency, stakeholders, and other interested parties; the focus should be on ways to control caseload growth and utilization. The agency will reach out to legislators, stakeholders, and partners to assist in this effort. In developing sustainability proposals, the Department shall prioritize options that minimize impacts on consumers and providers. The Department will also formally report, at a minimum, to the Emergency Board during Legislative Days

in May and December 2016 on progress made under both parts of this budget note. The agency may also be requested to report to interim legislative policy committees on human services.

- 2) In addition to the work described above, the Department is also directed to take immediate actions that may help contain costs without changing the current service system structure and that do not require statutory changes. The agency's action plan includes:
- Review and correct, if needed, the relationship between assessment tools and program eligibility criteria;
  - Take action to more efficiently align service authorization with people's needs, also consider appropriate limits;
  - Work to limit use of overtime in service plans; but the agency should take into account workforce shortage areas, the needs of consumers, and changes to current consumer provider relationships;
  - Continue discussions with CMS to prevent the conversion of natural support to paid support, with consideration for parental responsibility; and
  - Further restrict the live-in program to prohibit live-in service plans when the individual lives in their family's home or the family lives with the individual and is served by that relative (they would still be served in the hourly program).

Overall, the adjustments made in Senate Bill 5701 increase agency's budget by just under \$350.0 million total funds; comprised of \$36,651,673 General Fund, \$27,557,059 Other Funds expenditure limitation, and \$285,760,479 Federal Funds expenditure limitation. The associated staffing changes result in a net increase of 16 positions (7.23 FTE). These numbers do not include budget changes related to statewide employee compensation, which total \$27.5 million General Fund (\$60.6 million total funds), and are also included as a part of Senate Bill 5701.

In addition to caseload cost underfunding and caseload forecast/cost volatility, there are other budget risks. These include costs associated with the approved settlement agreement for the *Lane v. Brown* lawsuit (reduce number of clients in sheltered workshops) and other legal expenses; federal changes to funding streams, program requirements, and possible sequestration; and impacts of economic changes, such as a recession.

A more detailed description of each program area's budget adjustments follows. For context regarding caseload changes, the 2015-17 legislatively adopted budget was based on the spring 2015 caseload forecast; the rebalance adjustments in Senate Bill 5701 factor in caseload and cost changes tied to the fall 2015 forecast, published in January 2016.

#### Self Sufficiency

The budget adjustments approved by the Subcommittee for the Self Sufficiency (SS) program reflect a decrease of \$36.7 million General Fund (and total funds) and 1 position (no FTE change).

The fall 2015 forecast projects the 2015-17 overall Supplemental Nutrition Assistance Program (SNAP) caseload to be 5.3% lower than earlier estimates. Embedded in the net decrease is a decrease in the number of SS households receiving SNAP, while the number of Aging and People with Disabilities households receiving SNAP continues to grow. Caseloads in the TANF cash assistance programs are down 11.6% from the spring numbers, at a biennial average of 24,787 families. Overall caseload savings of \$37.0 million General Fund are included in the agency's rebalance calculation and used to offset costs in other programs.

While the 2015-17 budget included significant investments in, and changes to, the Employment Related Day Care (ERDC) program, the agency estimates an additional \$709,327 General Fund is needed to fully cover costs of collective bargaining for day care providers. This amount includes \$600,000 for AFSCME child care providers that was not part of the agency's original rebalance request. The costs are covered with an allocation from the \$10.7 million General Fund special purpose appropriation for collective bargaining costs for workers who are not state employees.

Technical adjustments and transfers account for a decrease of \$0.5 million total funds for this program, most of which aligns the budget between SS and support functions. This action is consistent with past budgeting practices which have made these budget changes as part of the first rebalance after the budget was approved; similar adjustments are approved in other programs. Two part-time positions are also combined into one full-time position to better meet program needs.

The Subcommittee approved \$130,000 General Fund, on a one-time basis, for distribution to the Oregon Food Bank. Through purchase of a refrigerated truck, the funding will support expansion of the Fresh Alliance initiative. This food recovery program picks up donations of perishable food (nearing end of shelf life) from grocery stores and then makes that food available to hunger-relief agencies.

#### Child Welfare

For Child Welfare (CW), the Subcommittee approved a decrease of \$0.5 million General Fund, an increase of \$0.3 million Other Funds expenditure limitation, an increase of \$1.8 million Federal Funds expenditure limitation, and a decrease of 1 position (no FTE change).

Forecasts for individual caseloads within CW have fluctuated slightly between the spring and fall forecasts, with associated budget changes primarily due to an increase in cost per case. A net increase of \$1.9 million General Fund and \$4.4 million total funds is identified as being needed to fund caseloads, most of which is attributed to the Well Being program. The rebalance does include savings from a change in the Federal Medical Assistance Percentage (FMAP), decreasing the need for General Fund. Based on the latest federal estimates, the 2015-17 biennial average FMAP rate will increase from 64.21% to 64.37%, which reduces the state contribution and draws down additional federal dollars. This change will also affect other agency programs.

The agency's rebalance proposal included the establishment of a budget mechanism (\$19.5 million Other Funds expenditure limitation) to fully convert the General Fund budget for the Supporting, Preserving and Reunifying Families (SPRF) program into Other Funds. To avoid overstating the overall budget for this program, the approved rebalance plan does not include this adjustment. If, closer to the end of the 2015-17 biennium, DHS estimates it will underspend its General Fund budget for SPRF, the agency can request the legislature to approve paying those excess dollars into the SPRF fund (converted into Other Funds).

Technical adjustments and transfers are approved for this program, which generally align the budget between CW and support functions. A position action is included to combine two part-time positions into one full-time position to better meet program needs.

### Vocational Rehabilitation

The budget approved by the Subcommittee for Vocational Rehabilitation (VR) reflects increases of \$3.3 million General Fund, \$8.5 million Federal Funds expenditure limitation, and 8 positions (9.89 FTE).

The fall 2015 forecast projects the 2015-17 VR caseload to be about 1% lower than the spring estimate. Any potential savings associated with fewer clients is masked by higher than projected costs per case, which have grown by 16.3% from the spring 2015 forecast. Higher costs continue to be driven by an increase in the number of clients with cognitive and psychosocial disabilities who have complex needs that are more challenging to meet.

To maintain the program and cover these costs without activating the Order of Selection (priority wait list), the program estimates needing about \$7.5 million General Fund, since base federal dollars are capped. However, the rebalance plan uses \$8.5 million in one-time federal reallocation dollars to cover these costs for the 2015-17 biennium; these resources would need to be backfilled with General Fund in the 2017-19 budget to sustain program services. Another \$1.0 million of the one-time monies would cover costs associated with implementation of the federal Workforce Innovation and Opportunities Act (WIOA).

Technical adjustments and transfers account for an increase of \$3.3 million total funds and 11 positions (9.92 FTE); the dollars and the positions are associated with moving work tied to the Governor's Executive Order 15-01 and the Employment First policy package from Intellectual and Developmental Disabilities to VR. This position increase is partially offset by other actions converting part-time positions to full-time.

### Aging and People with Disabilities

For the Aging and People with Disabilities (APD) program, the Subcommittee approved budget increases of \$33.5 million General Fund, \$17.2 million Other Funds expenditure limitation, and \$119.3 million Federal Funds expenditure limitation; no position changes were needed. The increases cover all but about \$8.7 million General Fund (plus corresponding Federal Funds expenditure limitation) of the agency's current projected budget shortfall associated with caseload costs. As noted previously, it is expected that most of these costs can be addressed via an allocation from the special purpose appropriation to the Emergency Board.

Caseloads in long-term care facilities are slightly above the level funded in the legislatively adopted budget. In-home and community-based facilities' caseloads are essentially flat, while nursing facilities' caseloads are 3.2% higher. Since nursing care is more expensive, that increase is driving a need for \$7.0 million General Fund and \$23.0 million total funds. A portion of these costs are offset by net savings in nursing facility rates of \$1.8 million General Fund (\$6.0 million total funds). Rates are anticipated to be lower in the second year of the biennium based on projected bed reduction targets; rates were pegged to those targets under House Bill 2216 (2013).

A key budget driver related to APD caseloads are costs per case associated with in-home care. Labor agreements and actions required by federal regulations are increasing hourly costs, while higher acuity and need levels are influencing service levels (hours per client). For some program services, cost per case has grown by as much as 15% over the spring forecast estimate. The approved rebalance plan covers \$13.8 million General Fund for overtime pay for home care workers that is being driven by federal labor regulations. Due to wage increases for these same workers, \$3,351,396 General Fund is added and is supported by an allocation from the \$10.7 million General Fund special purpose appropriation for

compensation changes driven by collective bargaining for workers who are not state employees. In the approved rebalance plan, savings in community-based care are used to offset some of the in-home need.

Collective bargaining (rate increases) for adult foster care is behind an increase of \$1,241,568 General Fund (\$4.2 million total funds); this increase is also covered by an allocation from the special purpose appropriation for non-state worker collective bargaining. After allocations made in both the DHS and OHA budgets as part of Senate Bill 5701, there is \$700,147 remaining in that special purpose appropriation. It is anticipated that DHS and OHA will request this funding once outstanding bargaining issues are resolved; actual costs may vary based on outcomes.

APD's rebalance plan also includes \$4.0 million General Fund in savings due to the FMAP change noted previously, and another \$5.0 million General Fund savings tied to accessing more federal dollars for newly eligible clients.

To meet federal program requirements, the agency needs \$16.6 million Other Funds expenditure limitation for waived case management services. The approved limitation will help separately track program expenditures and receive the allowed higher match rate.

An expenditure limitation of \$7.0 million Federal Funds is included in the plan to reflect expenditures allowed under OHA's Designated State Health Program (DSHP) waiver associated with Oregon Project Independence.

Technical adjustments and transfers account for a net decrease of \$2.3 million total funds.

#### Intellectual and Developmental Disabilities

The rebalance changes approved by the Subcommittee for the Intellectual and Developmental Disabilities (IDD) program are increases of \$33.2 million General Fund and \$112.3 million Federal Funds expenditure limitation; positions were reduced by 11 (9.92 FTE). The increases cover all but about \$26.2 million General Fund (plus corresponding Federal Funds expenditure limitation) of the agency's current projected budget shortfall associated with caseload costs. As noted previously, it is expected that most of these costs can be addressed via an allocation from the special purpose appropriation to the Emergency Board.

Both caseloads and cost per case in IDD programs are expected to be higher than the previous forecast, driving an overall increase of \$64.6 million General Fund (\$210.3 million total funds). Caseload counts, particularly for children, are well over the spring 2015 forecast. This continues to be directly related to the K Plan, as under that state plan option services must be provided to all eligible applicants. Costs per case also continue to grow as they are driven by assessed client needs and no longer subject to any monetary caps.

The approved rebalance plan includes \$3.0 million General Fund to restore a reduction action taken during 2015-17 budget development. This amount was offered up by the agency as a reduction during session, but was attributed to the wrong program; if left in place the cut eliminates staff supporting children's programs. Participation rate changes for brokerage case management are driving an increase of \$2.1 million General Fund; the Department has a plan to improve participation rates going forward through provider training.

Labor agreements and federal rule changes also drive costs for IDD. Collective bargaining (rate increases) for adult foster care drives an increase of \$2,066,520 General Fund (\$7.0 million total funds). This change is covered by an allocation from the special purpose appropriation for non-state worker collective bargaining. Another allocation from the same source of \$2,133,480 General Fund (\$7.0 million total funds) is also approved to pay bargained wage increases for personal support workers. To address overtime rules also affecting personal support workers, \$3.2 million General Fund is added; this is part of a \$17 million General Fund need (APD and IDD combined) for this issue identified during the 2015 legislative session.

Some savings are available to help partially offset costs. In some parts of the program, Medicaid participation rates have improved and are projected to reduce General Fund spending by \$5.6 million. The change in the FMAP rate is anticipated to save \$4.6 million General Fund.

Technical adjustments and transfers reduce the IDD budget by \$4.6 million General Fund (\$6.2 million total funds) and 11 positions (9.92 FTE), most of which is moving the VR portion of the additional Employment First resources approved for 2015-17 from IDD to VR.

#### Program Design Services

In Program Design Services (PDS), the Subcommittee approved a decrease of \$0.2 million General Fund, an increase of \$7.6 million Other Funds expenditure limitation, an increase of \$40.9 million Federal Funds expenditure limitation, and an increase of 32 positions (13.70 FTE). These adjustments include some small technical adjustments, but the changes mostly consist of budget increases needed to cover the next phase of the agency's Integrated Eligibility (IE) information technology project.

In House Bill 5026 (2015), DHS received \$750,000 General Fund (\$7.5 million total funds) for planning to improve eligibility determination systems for non-MAGI (Modified Adjusted Gross Income) Medicaid programs. These programs primarily serve clients in the APD and IDD programs. However, after planning work and a changing information technology landscape due to implementation of OHA's OregonONEligibility (ONE) system, the project approved by the Subcommittee will enhance ONE to support eligibility determinations for the non-MAGI Medicaid programs, plus the Supplemental Nutrition Assistance Program (SNAP), Temporary Assistance for Needy Families (TANF), and Employment Related Day Care (ERDC) programs.

The additional project funding in Senate Bill 5701 is \$47.9 million total funds. When coupled with the previously authorized planning money, the overall 2015-17 project budget represents about 43% of the overall estimated project cost of \$130 million total funds. Based on current federal match estimates, about 85% of project costs will be covered by federal dollars. In House Bill 5202, the Joint Ways and Means Subcommittee on Capital Construction approved \$7.5 million in proceeds from Article XI-Q Bonds to cover the state share of the project for the current biennium. DHS estimates that the project will take 33 months to execute, with completion targeted for the end of 2018. The 2017-19 state share of the project is estimated at about \$15 million and includes debt service on the 2015-17 bonds. The staffing component of the project is 35 limited duration positions (15.83 FTE), primarily consisting of project managers and operations/policy analysts. These resources would supplement permanent employees (information technology, fiscal, policy, management) that are located in both DHS and OHA; some of these resources had been previously approved for work on other system improvement initiatives and the ONE project.

Both the Joint Committee on Ways and Means Subcommittee on Human Services and the Joint Legislative Committee on Information Management and Technology (JLCIMT) reviewed the project. The JLCIMT recommended incremental, conditional approval of the request and set out several action items, in its recommendation to the Joint Committee on Ways and Means, which were adopted. The Subcommittee approved the project with the understanding that the funding will be unscheduled until the Legislative Fiscal Office and the Chief Financial Office of the Department of Administrative Services approve rescheduling; agency compliance with the JLCIMT recommendations will be key to making expenditure limitation available. Depending on project progress and timing, the Department may be asked to report during the interim to the Emergency Board and/or JLCIMT.

#### Central Services

The budget adjustments, associated with technical change and transfers, included in Senate Bill 5701 for Central Services, are net decreases of \$0.3 million total funds and one position (1.00 FTE).

#### Shared Services

The Subcommittee approved a net decrease of \$0.8 Other Funds expenditure limitation and 10 positions (5.44 FTE) for Shared Services. Included in this adjustment is the transfer of 11 positions (7.37 FTE) from the Provider Audit Unit within the Office of Payment Accuracy and Recovery into OHA Central Services. This change is consistent with guidance from the federal Centers for Medicare and Medicaid Services regarding this unit's responsibility for auditing Medicaid providers.

#### Statewide Assessments and Enterprise-wide Costs

The budget adjustments approved by the Subcommittee include technical adjustments and transfers accounting for an increase of \$5.6 million General Fund (\$9.1 million total funds), primarily to align the assessment budget with 2015-17 policy package changes in program budget structures. There is also an adjustment to align with positions being moved to OHA from DHS Shared Services.

The approved rebalance plan includes \$118,318 General Fund (\$277,566 total funds) to cover Treasury fees. Due to an oversight during 2015-17 budget development, this line item, which is driven by the cost of banking services, was not adequately funded in the base budget. Also accounted for is an adjustment to capture and spend lease revenue, which reduces the need for both General and Federal Funds resources. To match up with the APD budget, \$2.5 million Other Funds expenditure limitation is added to support the budget mechanism for recording waived case management expenditures.

The agency's 2015-17 budget includes \$839,543 General Fund for debt service associated with the Central Abuse Management (formerly known as the Statewide Adult Abuse Data and Report-Writing System) and assumes a bond sale early in the biennium. Current project timing indicates the sale will not need to occur until spring 2017. Based on that timeframe, the debt service is eliminated because it is not needed; this savings amount is not included as a resource within the DHS rebalance plan.

## **JUDICIAL BRANCH**

### **Commission on Judicial Fitness and Disability**

The Subcommittee increased the General Fund appropriation for extraordinary expenses by \$172,000, equivalent to a 74.8% increase over the level of General Fund in the Commission's 2015-17 legislatively adopted budget. The funds were appropriated to pay the Commission's costs incurred from the investigation and prosecution of two charges of judicial misconduct. The action increases the General Fund appropriation for extraordinary expenses to \$189,753. The revised funding level covers the costs-to-date identified by the Commission, and provides an additional amount of approximately \$20,000 for projected Commission costs associated with the Supreme Court review of the cases. The agency will need to request additional funding later in the biennium, if the costs of completing the two current cases exceed projection, or if the Commission approves any additional cases for formal investigation. If the full appropriation is not needed, any remaining funds will be available to cover extraordinary expenses in the 2017-19 biennium. The General Fund increase was approved on a one-time basis and will be phased out in the development of the agency's 2017-19 budget.

### **Judicial Department**

The Subcommittee approved increases in total Judicial Department expenditures of \$17,454,547. The expenditure changes include a General Fund increase of \$8,389,259. Budget adjustments include employee compensation adjustments plus the specific items identified below.

The Subcommittee increased the General Fund appropriation for judicial compensation by \$630,000 for the 2015-17 biennium cost of providing a \$5,000 per year salary increase to all statutory judges, beginning on January 1, 2017. The salary increase is enacted by Senate Bill 1597, the 2016 session program change bill. The fiscal impact of the salary increase will increase to \$2,520,000 General Fund beginning with the 2017-19 biennium, when it will be in effect for the full biennium.

A \$200,000 General Fund increase was approved for the Oregon State Bar Legal Assistance Program (Legal Aid) for legal assistance in housing-related issues. As is the practice with unrestricted General Fund appropriations for Legal Aid, this supplemental funding is approved on a one-time basis and will be phased out in the development of the 2017-19 budget. The General Fund appropriation increases combined total 2015-17 biennium state support for Legal Aid, from both Other Funds (court filing fees) and General Fund sources, to \$12,700,000.

The Subcommittee increased the Other Funds expenditure limitation for the State Court Technology Fund (SCTF) by \$5,330,000 for costs of maintaining and supporting state court electronic systems and providing electronic service and filing services. The expenditure limitation increase largely reflects a higher rate of electronic filing of court documents than was anticipated when the Chief Justice's recommended budget was developed. The Department uses SCTF moneys to pay electronic filing charges and does not charge participating parties who file the documents. The SCTF is projected, following this authorization and the mid-biennium transfer of legacy technology fee revenues to the SCTF as required by Senate Bill 1597, to have a 2015-17 biennium ending balance exceeding \$860,000. SCTF resources are not, however, projected to cover costs in subsequent biennia without action to either increase SCTF revenues or reduce ongoing operating costs.

A \$2,800,000 Other Funds expenditure limitation increase was approved for the planning and design of a new Lane County Courthouse facility through the Oregon Courthouse Capital Construction and Improvement Fund (OCCCIF). This expenditure limitation amount allows for

expenditures of up to \$1.4 million of Article XI-Q bond proceeds and of up to \$1.4 million of required county matching funds for the Lane County Courthouse project. Project bonds are authorized in House Bill 5202. The approved bond authority is in addition to the bond proceeds that were previously authorized for the 2015-17 biennium: \$17.4 million for the Multnomah County Central Courthouse project, \$2.5 million for the Jefferson County Courthouse project, and \$7,875,000 for the Tillamook County Courthouse project. Debt service costs for the Article XI-Q bonds authorized for the Lane County Courthouse project are projected to total approximately \$233,000 General Fund per biennium, beginning in the 2017-19 biennium. Because the bonds will not be issued until the spring of 2017, there will not be debt service payments due in the current biennium.

The approval of Article XI-Q bonds for planning and design of the Lane County Courthouse does not create or imply any commitment to provide state funds for the construction of the facility. The Subcommittee also increased the Judicial Department operations Other Funds expenditure limitation by \$45,000 for the cost of issuance of Article XI-Q bonds for planning and design of the Lane County Courthouse facility.

The Subcommittee approved the following budget note concerning courthouse funding through the Oregon Courthouse Capital Construction and Improvement Fund:

**Budget Note:**

The Chief Justice or his designee is requested to present a report to the Emergency Board, no later than December 2016, with a priority ranking and the projected costs of courthouse capital construction projects for which he may, within the next twelve years, request state funding support from the Oregon Courthouse Capital Construction and Improvement Fund. The report shall include recommendations for stabilizing biennial funding request amounts over the ten-year period beginning with the 2019-21 biennium.

**Public Defense Services Commission**

The Subcommittee increased the General Fund appropriation for the Contract and Business Services Division by \$18,834. The appropriation funds payment of a Secretary of State service charge that was omitted from the agency budget in error.

**LEGISLATIVE BRANCH**

The Subcommittee approved a net-zero General Fund rebalance. The adjustments include reductions to agency budgets to account for higher than anticipated reversions from the 2013-15 biennium, a \$180,000 increase for chamber improvements, and an increase of \$6.7 million in Legislative Administration for facilities projects. Unused bond proceeds of \$2.4 million are used to pay debt service in lieu of General Fund. The facilities projects will be the beginning of a \$50 million Capitol project that will make improvements to the mechanical, electrical, and plumbing systems; address security and life safety issues; and increase accessibility for people with disabilities. It is expected to take three years for all of the improvements to be completed. House Bill 5202 includes \$30 million in Article XI-Q bonds to continue the project into the 2017-19 biennium. The expenditure limitation for those bond proceeds are included in House Bill 5203, which is the bill for all capital construction limitations. The Subcommittee approved an Other Funds expenditure limitation of \$460,000 for the cost of issuance for the bonds. There is no debt service in the current biennium.

The Subcommittee also approved two new Other Funds expenditure limitations related to the Oregon Capitol Foundation. The Foundation is now a separate entity from the Legislative Administration Committee. The limitations include \$300,000 for the History Gateway and \$25,000 for expenses related to operations for the Foundation.

## **NATURAL RESOURCES**

### **Department of Agriculture**

The Subcommittee established a Federal Funds expenditure limitation of \$175,000 in the Administrative and Support Services program area to accommodate the awarding of a federal grant to be used for wolf depredation compensation claims, and for nonlethal preventative techniques.

The Subcommittee also increased Federal Funds expenditure limitation by \$1,700,000 and made a one-time \$539,338 General Fund appropriation as state match to pay for eradication efforts related to the Asian Gypsy Moth, a non-native invasive species, which was found in northwest Portland. The majority of the eradication project would occur during May and June of this year. On January 14, 2016, the U.S. Department of Agriculture (USDA) notified the Department that \$1.7 million in federal funding would be made available for the eradication project. In the past, USDA has provided only 50% of eradication funding.

The Subcommittee also acknowledged that the Department anticipates increasing the wholesale seed dealer license from \$500 to \$750 in May 2016, and increasing the veterinary product registration fee from \$75 to \$100 in June 2016. The Other Funds revenues from these increases will be used, in part, to fund program compensation increases.

### **Columbia River Gorge Commission**

The Subcommittee increased the General Fund appropriation made to the Columbia River Gorge Commission by \$11,308 to match the amount provided to the Commission by the State of Washington for the 2015-17 biennium for operational costs. Included in the \$11,308 increase is \$6,000 for costs related to a once every five year audit; this amount is considered to be one-time and is not to be included in the base budget for 2017-19 budget development. The Subcommittee also eliminated the Commission's \$5,000 Other Funds expenditure limitation provided in the adopted Oregon budget since any non-General Fund revenues received by the Commission are expended through the Washington budget.

### **Department of Environmental Quality**

The Subcommittee approved a one-time \$100,000 General Fund appropriation for sampling, testing, and monitoring Harmful Algae Blooms. Of the total, \$30,000 will be used to purchase testing equipment so that samples do not need to be sent out of state for processing.

The Subcommittee also approved \$230,000 General Fund, on a one-time basis, to provide information for the 2017 legislative session on how a market-based carbon reduction system would work in Oregon. The money would be used to hire a full-time limited duration Operations and Policy Analyst 4 position (0.58 FTE). In addition, \$50,000 is to cover costs for an economic consultant to assist with research data and analysis. The DEQ work is to include:

- (1) Identify the type, scope, and design of the greenhouse gas emissions cap necessary to link with other jurisdictions and meet the state's greenhouse gas emissions reduction goals.
- (2) Assess how a market-based program would interact with existing programs, such as the Renewable Portfolio Standard, the Clean Power Plan, and the Clean Fuels program, and achieve the state's greenhouse gas emissions reduction goals.
- (3) Study and evaluate how existing market-based programs in other jurisdictions control leakage and how those methods might be adapted to align with Oregon's economy and business sectors.
- (4) Study and evaluate how existing market-based programs address potential impacts and benefits to disadvantaged populations and rural communities and how those methods might be adopted to Oregon.

The Subcommittee approved a \$2,500,000 General Fund appropriation to expand the Department's current Oregon Air Toxics Program. This will allow the immediate focus of increased air toxics monitoring efforts on cadmium, arsenic, and chromium hotspots in Portland, as well as, expand air toxics monitoring across the state. In addition, the increased funding will allow DEQ to develop a risk-based approach to air permitting for industrial sources through rulemaking. Over time this will allow DEQ to modify existing air permits to be risk-based. The air toxics monitoring funded through this appropriation uses moss collection and analysis to map pollution levels in Portland communities and develop maps of hot spots. This funding will allow the Department to purchase and set up two additional full air toxics monitoring stations that can be directed at areas with high levels of air toxics that are identified. A Natural Resources Specialist 3 position, three Natural Resources Specialist 2 positions, a Chemist 2 position, and a Chemist 3 position are added as permanent positions for the monitoring and analysis work. DEQ will also use the funding to develop, through rulemaking, an Oregon specific air toxics program that ensures industrial hot spots are sufficiently controlled. During this process, discussions with local governments about their potential roles and involvement, either formally or informally, may occur. To work on this part of the program, six permanent positions were added (Principal Executive Manager E, Program Analyst 3, Natural Resources Specialist 4, Natural Resources Specialist 3, Operations and Policy Analyst 1, and Public Affairs Specialist 2). In all, 12 permanent positions (7.00 FTE) were added, with total Personal Services costs of \$1,266,789, Services and Supplies costs, including Professional Services, of \$883,211 and \$350,000 in Capital Outlay for monitoring equipment. This program is estimated to have a 2017-19 roll-up cost of \$3,626,239 General Fund.

### **Department of Fish and Wildlife**

The Subcommittee approved a one-time increase of \$180,000 Other Funds expenditure limitation to continue two limited-duration Natural Resource Specialist 2 positions authorized for one year in Senate Bill 5544 (2015). These two positions work with landowners to improve and protect sage grouse habitat.

### **Department of Forestry**

The Subcommittee approved an increase of \$23,115,122 in the General Fund appropriation made to the Department of Forestry, Fire Protection Division for the payment of emergency firefighting costs associated with the 2015 forest fire season. This amount is dedicated to the following specific uses:

- Unbudgeted emergency fire costs (\$19,558,783)
- Fire protection district deductibles (\$677,886)
- Training provided to Oregon National Guard troops (\$500,000)

- Oregon State Treasury loan interest (\$323,630)
- Severity resources (\$2,054,823)

The portion of the General Fund appropriation to the Department of Forestry included above for severity resources is offset by a reduction of the same amount in the special purpose appropriation that had been established for this purpose. In addition, Other Funds expenditure limitation is increased by \$56,334,408, which includes \$55,172,387 for unbudgeted emergency fire costs and \$1,162,021 for fire protection district deductibles.

The Subcommittee approved a decrease in the General Fund appropriation of \$238,581 and a decrease in the Other Funds expenditure limitation of \$726,392 made to the Oregon Department of Forestry for the payment of debt service. These amounts were originally included in the agency's budget for the payment of debt service obligations on bonds that were anticipated to be issued at the end of the 2013-15 biennium, but were not. This is a technical adjustment to remove the excess General Fund and Other Funds expenditure limitation from the agency's budget. An increase of \$45,000 Other Funds expenditure limitation was approved for the payment of bond issuance costs related to Article XI-Q General Obligation bonds to replace an equipment warehouse for the East Lane Fire Protection District.

The Subcommittee approved a General Fund appropriation of \$704,286 and an increase in the Other Funds limitation of \$813,594 for the implementation of a procurement and payment system replacement. The new system is intended to be an end-to-end solution for the agency, replacing its current ad-hoc system of manual and semi-automated information systems and processes. The funding includes the establishment of four, 15-month, limited-duration positions (Project Manager 3, Information Systems Specialist 6, Accountant 1, and Procurement and Contract Specialist 3). The Subcommittee approved the project with the understanding that the funding will be unscheduled until the Legislative Fiscal Office (LFO) and the Chief Financial Office of the Department of Administrative Services approve rescheduling and that the agency comply with recommendations made by the Joint Legislative Committee on Information Management Technology (JLCIMT).

Recommendations include direction that the agency proceeds through the standard Stage Gate 3 process, including updated business case and other foundational documents. The agency will ensure that the independent quality management services contractor conducts an updated risk assessment and perform quality control reviews on the documents noted above. The agency will report back to JLCIMT or Emergency Board on project status in September 2016.

### **Department of Land Conservation and Development**

The Subcommittee approved an increase in the Other Funds expenditure limitation of \$216,000 to allow the agency to expend sub-grant funding received from the Oregon Office of Emergency Management made available through the Federal Emergency Management Agency. These funds will be used to aid in the development of local pre-disaster mitigation plans of local governments, including the cities of Albany, Medford, and Beaverton, Tillamook County, and cities within Tillamook County. A portion of this amount will be used to establish a limited duration Planner 2 position for 16 months (0.67 FTE).

### **Department of State Lands**

In the fall of 2015, sump pumps and the associated drainage pipe failed at the Department of State Lands' headquarters building in Salem. The Department made emergency, stop-gap repairs. The Subcommittee approved a one-time \$85,919 increase to the Capital Improvement Other Funds

expenditure limitation for the repairs to date. Additional permanent repairs will be needed next summer; the Department will seek another expenditure limitation increase at an Emergency Board meeting.

The Department was awarded a U.S. Environmental Protection Agency grant for Wetland Program Development in the amount of \$347,502. During the 2015 legislative session, \$133,000 in one-time Federal Funds expenditure limitation was approved and unscheduled for this grant, pending retroactive approval to apply for the grant. This amount was intended to provide sufficient expenditure limitation for work through March, 2016. The Subcommittee approved the additional \$214,502 in one-time Federal Funds expenditure limitation to enable the Department to complete the work.

A reduction in Attorney General charges to reflect reduced rates in the legislatively adopted budget was inadvertently made to the Capital Improvement limitation and should have been made to the Common School Fund limitation. Other Funds expenditure limitation is decreased by \$176,890 for the Common School Fund and an increase of the same amount is made to Capital Improvements.

### **Water Resources Department**

The Subcommittee approved an increase in General Fund of \$705,288 to facilitate a groundwater study for the greater Harney Valley in coordination with the U.S. Geological Survey. The funding will support the establishment of a permanent Natural Resource Specialist position (\$130,288), one-time funding of \$400,000 for the drilling and construction of ten observation wells for data collection, and one-time funding of \$175,000 for the cost-sharing provisions of the groundwater study.

### **Oregon Watershed Enhancement Board**

The Subcommittee increased the Measure 76 Lottery Funds expenditure limitation for operations by \$40,123 to pay the costs of reclassifying the Administrative Manager position from an Administrative Specialist 2 to a Principal Executive Manager A and reclassifying the Capacity Coordinator from an Operations Policy Analyst 3 to an Operations Policy Analyst 4. The reclassifications are due to increased duties that resulted from an agency reorganization. These reclassifications were reviewed and supported by Department of Administrative Services Human Resources. In addition, Measure 76 Lottery Funds expenditure limitation was increased by \$17,329 to correct an error that omitted capital mall security assessments in the legislatively adopted budget for 2015-17.

## **PUBLIC SAFETY**

### **Department of Corrections**

The October, 2015 male prison population forecast was as much as 200 beds higher than the April 2015 forecast, which was the basis for the 2015-17 budget. In response to the higher forecast, the Subcommittee approved \$2,558,694 General Fund and 6 new correctional officer positions (4.46 FTE) to shift the 787 Deer Ridge Correctional Institution minimum security inmates to the medium security facility, which will be operated as minimum housing. Of this amount, \$1,821,701 is a one-time expense. As the additional recently-forecasted inmates enter the system, there will be other housing units within the facility available to accommodate them. The additional costs for 200 more beds for the rest of the biennium is about \$6.9 million.

A special purpose appropriation to the Emergency Board in the amount of \$3 million can fund part of the remaining need. There will be two more forecasts before the end of the biennium, April and October 2016. Whatever unfunded amount remains can be considered as part of the Department's agency-wide budget rebalance that typically occurs during the long legislative session as part of the current biennium final statewide budget reconciliation.

In response to an investigation of housing and treatment conditions for seriously mentally ill inmates by the federal protection and advocacy entity, Disability Rights Oregon, the Department requested \$8.2 million General Fund for architectural and staffing changes. The Subcommittee approved \$3,139,557 General Fund for construction and staffing that will provide the identified inmates more out-of-cell time and increased mental health therapy and counseling. The direct appropriation includes \$1,031,676 for permanent staff, including 4 registered nurses and a project manager (3.33 FTE); reclassification of a corporal to a sergeant; and associated services and supplies. The remaining \$2,107,881 General Fund is for one-time construction expenses for a modular building for treatment and office space on the Oregon State Penitentiary grounds and for changes inside the mental health unit of the penitentiary.

In addition, a special purpose appropriation to the Emergency Board in the amount of \$2 million will be available for the Department to request as they need additional staff. Any unfunded balance can be considered as part of the Department's agency-wide budget rebalance that typically occurs during the long legislative session as part of the current biennium final statewide budget reconciliation.

The Subcommittee approved redirecting unused Junction City Correctional Institution bond funding and unneeded cost of issuance funds for various Department of Corrections bond sales to Other Funds debt service. The total Other Funds limitation is \$2,094,636.

Pilot project General Fund that was intended to be one-time is phased out from the Offender Management and Rehabilitation unit within the Department. The reduction is \$1,009,135.

### **Criminal Justice Commission**

The Criminal Justice Commission was awarded \$370,000 in one-time grant funding from the U.S. Department of Justice, Office of Justice Programs and Bureau of Justice Assistance for technical assistance financing in support of Oregon's Justice Reinvestment implementation. The funds were made available to Oregon by a pass-through agreement with the Vera Institute of Justice, a private nonprofit research center for justice policy and practice. The funding was included in the agency's 2015-17 Federal Funds expenditure limitation, but because the Vera Institute is not a federal agency, the funding should have been included as Other Funds expenditure limitation. This technical adjustment increases Other Funds and decreases Federal Funds expenditure limitations by \$370,000.

### **Oregon Department of Justice**

The Subcommittee approved an increase of \$254,493 Other Funds expenditure limitation for the Department of Justice (DOJ) Criminal Justice Division and the authorization of two limited duration positions (1.08 FTE) for the Fusion Center. Funding for the positions would come from two separate federal grants received by the Oregon Military Department Office of Emergency Management (State Homeland Security Program for \$121,334 and the Urban Area Security Initiative for \$133,159). The grants are one-time in nature and require no state matching funds.

The Subcommittee approved an increase of \$129,405 Other Funds expenditure limitation for the DOJ Criminal Justice Division and the authorization of one limited duration position (0.25 FTE) for a traffic safety resource prosecutor with an emphasis on marijuana. The position is funded for six months beginning in April of 2016. The source of the grant is the U.S. Department of Transportation National Highway Traffic Safety Administration received by the Oregon Department of Transportation.

The Subcommittee approved an increase of \$184,714 Other Funds expenditure limitation for the DOJ General Counsel Division and the authorization of one permanent full-time position (0.63 FTE) for a marijuana civil legal services attorney. The revenue source to support the attorney is the legal services rate billed to state agencies. The 2017-19 biennial cost of the position is \$316,891.

An increase of \$12,613,368 Federal Funds expenditure limitation for the DOJ Crime Victims Services Division, as well as the authorization of two limited duration positions (1.42 FTE) for an increase in Victim of Crime Act (VOCA) assistance funding was approved. The grant increase will add one-time funding to existing direct service/non-profit providers, district attorney prosecutor-based victim assistance programs, child assessment centers, and other system investments. These are formula grants that require no state matching funds; however, a federal requirement does require sub-grantees to provide 20% matching funds. According to the Department, for this request, no additional state funds will be required to help sub-grantees meet their matching funds requirement.

The Subcommittee approved \$676,971 General Fund for the establishment of an elder abuse program in the Criminal Justice Division. The program will be staffed by one permanent full-time Senior Assistant Attorney General (Elder Abuse Resource Prosecutor) (0.63 FTE) and two Criminal Investigator positions (1.25 FTE). The positions will assist local law enforcement with elder abuse cases, as well as provide statewide outreach and training. Personal services costs for the positions total \$457,573 and services and supplies costs total \$219,398. The 2017-19 biennial cost of the program is estimated to be \$1.2 million General Fund.

A change in the preliminary schedule for the DOJ Child Support Division's Child Support Enforcement Automated System (CSEAS) information technology project, which was completed after the close of the 2015 session, has increased the total cost of ownership and impacted the project's 2015-17 legislatively adopted budget, resulting in a shortfall of bonding authority, expenditure limitation(s), and cash liquidity.

The original feasibility study for the CSEAS project estimated total development costs at \$92.7 million and recurring costs after development of \$23.6 million for a total cost of ownership (TCO) of \$116.3 million (through fiscal year 2026). The rebaselined TCO is now estimated at \$122.7 million, which includes \$12 million in ongoing operations and maintenance costs. The Subcommittee approved \$3,086,760 of Other Funds expenditure limitation for project costs, which is to be financed with Article XI-Q bonds approved in House Bill 5202, and the establishment of 10 permanent full-time positions (1.31 FTE). Four upward reclassifications of existing permanent full-time positions was also approved.

Unless otherwise approved by the Legislature or the Emergency Board, the positions budgeted for the project are established as permanent fulltime positions under the following conditions: (a) the positions will be abolished on or before the completion of the project; (b) the positions are to remain in the CSEAS program (i.e., CSEAS summary cross reference) and may not be transferred to any other program or used for any other purpose than the development of the CSEAS project; and (c) the positions may not be included in any permanent finance plan action.

The Subcommittee appropriated \$1,161,194 in additional General Fund Debt Service to support repayment of Article XI-Q General Obligation bond proceeds approved in House Bill 5202. Other Funds expenditure limitation of \$123,240 is included for the cost of issuance of the bonds. The Subcommittee approved \$34,683 General Fund for repayment of interest costs for a short-term Treasury loan. The Department of Administrative Services was directed to un-schedule \$3,086,760 Other Funds expenditure limitation (Article XI-Q bond project proceeds) and to schedule \$3,632,932 Other Funds and \$6,864,723 Federal Funds for the second quarter of calendar year 2016.

In absence of a comprehensive, integrated, and rebaselined master schedule, which is necessary to determine the project budget, and final Stage Gate 3 approval, the Subcommittee recommended a conservative, controlled release funding approach for the project. The recommendation provides full project funding through June 30, 2016, at which point the agency will need to request additional expenditure limitation from the Emergency Board. This recommendation will allow the agency to initially proceed to Stage Gate 3; however, the project should not operate for an extended period of time until “Stage Gate 3” review is officially completed and full endorsement granted. The Subcommittee adopted the Joint Legislative Committee on Information Management and Technology recommendations for the project.

The Subcommittee also approved the following budget note:

**Budget Note:**

The Department of Justice is to report at each meeting of the Emergency Board and the Interim Joint Committee on Information Management and Technology at each interim meeting with detailed project status reports (performance against plan) on the Child Support Enforcement Automated System (CSEAS). As part of the agency’s report for the Emergency Board meeting in May of 2016, the agency is to: (a) justify why an advisory steering committee is an appropriate form of governance; (b) provide a detailed cost-benefit analysis of the decision to use a private vendor vs. Department of Administrative Services State Data Center; (c) provide a justification for the indirect agency administrative charges to the CSEAS project, which may need to be repurposed and used for a general project contingency fund; and (d) report on improvements to quality assurance and agency status reporting.

**Oregon Military Department**

The Other Funds expenditure limitation for the Community Support program was increased, on a one-time basis, by \$2,442,000 for the reimbursement of firefighting expenditures incurred during the 2015 fire season.

The 2015-17 legislatively adopted budget inadvertently made a General Fund reduction to services and supplies that should have been applied to personal services. The reduction is \$57,929 within the Administration division. Moving it to the right budget category will enable the agency to correctly build the 2017-19 budget.

The Subcommittee approved \$80,000 Other Funds expenditure limitation for the purpose of paying cost of issuance expenses associated with Article XI-Q bond authority approved for rehabilitating facilities at the Umatilla Depot site to prepare it for use as a Regional Training Center. The Umatilla site will replace the facility currently used on the Western Oregon University campus.

### **Department of Public Safety Standards and Training**

The Subcommittee approved an increase in Other Funds expenditure limitation of \$959,000 and the addition of three limited-duration positions (1.74 FTE) to support programs and activities in the Department of Public Safety Standards and Training's (DPSST) Center for Policing Excellence, funded by an Edward Byrne Memorial Justice Assistance Grant through the Criminal Justice Commission.

The agency's Federal Funds expenditure limitation was increased by \$2,497,563. This net-zero technical correction changes a revenue-only transfer between DPSST and the Department of Justice to a pass-through expenditure, a budgetary change required in order to ensure full reimbursement of costs related to the federal High Intensity Drug Trafficking Area program operated by the state Department of Justice.

The Subcommittee increased the agency's Other Funds expenditure limitation by \$2,790,195, and authorized twelve permanent positions (8.00 FTE) to add four basic police and two basic corrections classes to the agency's training calendar to meet demand during the 2015-17 biennium.

### **Oregon State Police**

The Subcommittee increased the agency's General Fund appropriation by \$1,320,216 and increased its Other Funds expenditure limitation by \$6,911,613 for Federal Emergency Management Agency-reimbursable expenses incurred during numerous mobilizations coordinated by the State Fire Marshal during the 2015 fire season in Oregon.

The Subcommittee increased the agency's General Fund appropriation by \$1,000,000 and authorized 12 positions (6.63 FTE) to increase staff capacity and reduce wait times and backlogs in the Firearm Instant Check System program.

## **TRANSPORTATION**

### **Department of Aviation**

The Subcommittee approved an increase of \$265,000 in Other Funds expenditure limitation for the Operations Division to purchase grant management software to implement and manage the agency's grant-making program established by House Bill 2075 (2015).

### **Department of Transportation**

The Subcommittee increased the agency's Other Funds expenditure limitation by \$6,231,467 to fund road repairs and clean-up expenses at seventeen sites across the state where wildfires damaged and forced the closure of roadways during the 2015 fire season. Other Funds expenditure limitation was increased in the Local Government program by \$2,000,000 toward reconstruction of the Juntura Cut-Off Road in Harney County, and by \$51,804 for cost of issuing the Lottery Bonds to finance the project.

A net-zero technical adjustment of \$1,354,734 was approved to move cost of issuance expenditure limitation for debt associated with highway safety improvements, the Coos Bay Rail Link, and ConnectOregon VI into the correct program budgets. A second net-zero technical adjustment

of \$138,433 was approved to move legislatively-approved state government service charge reductions into the correct program budgets for the 2015-17 biennium.

The Subcommittee reduced the General Fund appropriation for debt service to the Department of Transportation by \$5,194,781. A bond sale anticipated for May, 2015 was postponed until May, 2016, reducing the debt service required in the 2015-17 biennium. General Fund was also reduced by \$47,835 to reflect the completion of the Driver and Motor Vehicles' veteran information sharing project with the Department of Veterans' Affairs.
