Senate Committee on Finance and Revenue

February 26, 2016

House Joint Resolution 202 Proposing Amendment to Oregon Constitution Relating to Lottery Revenues

Chair Hass and Members of the Committee,

The Housing Alliance is a coalition of more than seventy organizations from all parts of the state. Our members have come together with the knowledge that housing opportunity is the base on which all of our success is built – individual success as students, parents, workers, and community members as well as the success of our communities. We represent a diverse set of voices from residents to local jurisdictions to non-profit housing developers and organizations working to meet basic needs in every corner of our state.

The Housing Alliance supports HJR 202, which would put to the voters a ballot initiative to allocate 2 percent of lottery revenues toward veterans' issues. These funds can be used to assist veterans with a wide range of needs, including housing, education, mental health treatment, and employment, all of which set veterans on the path to successful and stable lives in our communities. Currently, far too many veterans are not receiving the federal benefits to which they are entitled. Additional outreach and support can help these veterans receive the benefits they have earned with their service, bringing both social and economic benefits to our communities.

Enhancing resources available to veterans can help them to achieve security in housing, building the foundation for a better life. On behalf of the Housing Alliance, I urge your prompt consideration and support of HJR 202. Thank you for your service.

Sincerely,
