

From the Office of Sen. Floyd Prozanski

Vote Yes on SB 1553B

SB 1553B will give important protections to construction workers that work on highways and other road projects, by allowing construction workers who are injured by criminally negligent drivers to seek restitution from people who cause them permanent injury.

On behalf of the 25,000 highly skilled men and women who make up the Oregon Building Trades Council, we urge a yes vote on SB 1553B.
