

To whom it may concern,

I am writing in regards to the proposed ballot title for R301. I'm very concerned the scope of the danger in this referendum is not clearly articulated in the proposed title. The Provider's Tax brings Oregon huge amounts of money that go to support those in our most vulnerable populations. This title does nothing to illustrate the impact that loss of funds would have on these communities. I urge you to revise this ballot title to clearly state exactly how many Oregonians will lose critical coverage if this were to go into effect.

Thank you,
