

To whom it may concern:

I have been on the Oregon Health Plan for the past 2 years. I'm a 51 year old self employed artist who lives at the poverty level. Having OHP is the first time I've had insurance in over 15 years. There is NO WAY I can afford or qualify for insurance on my own. Without the medicaid expansion I will have nothing. With OHP I've been able to get mental health and drug and alcohol counseling that I desperately need. Please don't touch the Medicaid expansion!

Regards,  
David V. Horste
