Subject: HB 2320 Non-motorized boater bill
Date: Monday, February 27, 2017 10:34:29 AM

I am an Oregon citizen and I oppose this bill. It violates the long standing free access to our state's waterways. I kayak the North Umpqua a dozen times during the year. We have minimal impact and try to leave the river cleaner than we found it. We do it safely and considerately. The bill provides no useful purpose and adds to the burden of ordinary citizens.
