Subject: House Bill 2320
Date: Tuesday, February 28, 2017 9:38:21 AM

I am an active boater on the Columbia and Willamette Rivers and also on various lakes and streams of Oregon. I believe that HB 2320 is an appropriate and overdue approach to helping pay for the costs of services provided by the Marine Board and various marine patrols. I urge the passage of HB 2320. I am also the Commodore of Tollycrafters Northwest and I know that our members also support this bill.

Douglas C. Brown
