Senate Committee on Workforce

**Senate Bill 828**

Chair Taylor and Committee Members:

Senate Bill 828 has recently come to our attention and we are studying it carefully.

We have concerns that the broad language of the bill may trigger numerous unintended consequences with an adverse effect on Oregon's workforce and economy.

Thus, we respectfully request the opportunity to testify about our concerns when we more fully understand the bill and these aspects.

Thank you for your consideration.
