Subject: Interest in HB 2779

Dear House Revenue Committee,

I represent the Associated Liquor Stores of Oregon and we have an interest in HB 2779. Unfortunately I am sick today and am sending this note to let you know that any further discussions should please include ALSO through me.

We have been aware of this bill and understand it impacts our daily deposits but we aren't as familiar with the details as we need to be. I will watch the hearing online and be prepared for further activities on HB 2779.

Thank you.
