I am opposed to HB 2051 for the following reasons!

It is not fair for those who work longer hours or make more money to have the amount of their kicker reduced and shared with others. That is an outrage.

Refusing to deal with the unsustainable PERS issue and trying to reduce our kicker checks so we would be willing to give up our kicker is another obvious ploy to get more money out of the tax payer.

We are fed up with the endless stream of taxes being suggested.

Please REJECT this bill. Vote NO!

Thank you for considering my comments,
