

The following is my testimony for 3/9/17 public hearing in opposition to HB 3062.

Dear Chair Williamson and Members:

In these difficult economic times and in times where the State does not think revenue will come close to the high dollar amount needed to pay for the state expenses, we should not be introducing unnecessary bills. HB 3062 would be labeled a “nice to have”. In no way is it essential to tourism or other needs. All proposed bills incur an expense to the taxpayer. Please try to keep all expenses down no matter how small or how large.

Please vote No on HB 3062.
