Our son, Emrys Evans, has been a student of Ms. Lang's since the Summer of 2016. We have found her to be everything we could have hoped for in a childcare provider, and enthusiastically recommend her without reservation.

We often joke that we've sent our child to Kindergarten 3 years early. I love to see the beautiful art projects lining the walls! Although our child is only two, we love that Ms. Lang includes him in higher-level educational activities on days where his attention span allows, and lets him engage in age-appropriate play on days where he is not up to keeping up with the "big kids."

We feel very comfortable leaving, knowing that there's a snuggle waiting for him from Cheryl or one of her staff if he misses us. At the end of the day, it isn't uncommon for him to hand out hugs and love to his friends and the staff.

Emrys has hemiplegic cerebral palsy, and as such needs special accommodations in regards to his diet, orthotics, and mobility. Our requests have ranged from taking on and off leg braces, to accommodating his physical therapists visiting the school, to supplementing his diet with protein shakes. Ms. Lang goes above and beyond to help, with a knowledge and compassion that reflect her 20+ years of education experience. We value her input and opinion, which is always given with much thoughtful observation and keen insight.
