

Please vote to support HB 2004.

I am a victim of rent gauging as a new landlord raised my rent \$484 and all other tenants got similar increases and most all had to move out. Please, Please Please realize that landlords are profiting on many people especially marginalized people yet we are all in this together. We see what's going on all over the country as our rights are being stripped away. Privilege is no guarantee in life. We are all vulnerable to unforeseen circumstances. Again please do the right thing and be part of the solution for a better life for all!!
