

February 20, 2017

Dear Chair Greenlick, Co-Chairs, and Members of the Committee,

On behalf of the Human Services Coalition (HSCO), we respectfully request your support for Cover All Kids- HB 2726.

For over three decades, HSCO has convened like-minded advocates in an effort to fight for the policy development and resources necessary to support vulnerable Oregonians. HSCO is made up of over 120 individuals and organizations that work together to develop effective tax, education, health care, housing, human services and economic development policy.

We believe that every child deserves a healthy start in life. Health insurance coverage is one of the single most effective ways to ensure that children receive the preventative health and medical care they need to thrive in school and life. **In Oregon, 2 percent of low-income children do not have any medical coverage even if income eligible.** This means that uninsured children must delay or go without essential doctor visits and medications.

HB 2726 extends the Oregon Health Plan to all children residing in Oregon up to 300 percent of the federal poverty line. This extension will ensure that all children have access to the health care services they need to be successful in school and in their lives. Additionally, HB 2726 guarantees culturally competent outreach to newly eligible children and their families.

The future of healthy and thriving children depends on timely and preventative health care. Access to health coverage results in lower high school dropout rates and an increase in college attendance and completion. HB 2726 ensures that on day one of school all children come into class healthy and ready to learn.

Oregon needs to take the next step and extend healthcare coverage to all children. HSCO supports HB 2726, and we hope that you will join us in support of Cover All Kids- HB 2726.

Thank you,
Jeremiah Rigsby, Co-Chair
Doug Riggs, Co-Chair
