

Hello,

My name is Riad Sahli and I'm writing to express my support for HB 2006, as it is a common sense reform to Oregon's largest housing subsidy.

If this bill goes into effect, it may negatively impact me personally, but I think it's the right thing to do so that lower income families can share in the additional investment in housing that meets their needs.

I also work for a national organization, Enterprise Community Partners, that supports this legislation and is in the business of expanding affordable housing for all Americans. I believe this bill is a practical approach to partially leveling the playing field and increasing opportunity for Oregonians.

Thank you for supporting HB 2006.
