

To Whom it May Concern,

I am a licensed broker in the state of Oregon and would like to take this opportunity to support HB 2006.

If passed, I believe this legislation would aid those who need it most and I really do feel this is an exemplar instance of the old adage 'rising tides lift all ships'. I encounter people through my work all the time who could use just a little extra help. This alone will not resolve the difficult housing barriers we face here in Portland but will be a vital piece of the overall solution I am confident we can come up with as Oregonians.

Warm regards,
Evans Boyd
