RV SUPER CENTERS

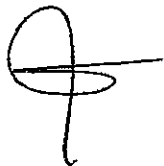

PO Box 279 • 93636 Hwy. 99 South
Junction City, OR 97448
800-283-9163 • 541-998-1148

Dear Members of the Business and Transportation Committee,

I write to express my approval of Senate Bill 753, which will ensure RV repair facilities can continue to perform certain repairs and maintenance on RVs.

At Guaranty, our technicians receive industry regulated RVIA (Recreational Vehicle Industry Association) training, in addition to extra training with our experienced senior technicians. While we pride ourselves in our skilled, well-trained, and experienced staff, we are also aware that our competitors here in Oregon employ technicians with the same high standards. An RVIA technician is a specialized worker; the RV Technician role is a job that provides family wages and good benefits.

Thank you for your efforts to ensure RV service technicians are able to continue their jobs as they are adequately trained to do.

 Edwin W. Morgan Jr.
General Manager
