Please vote FOR this bill! I appreciate why the Electoral College vote came into being, but we are long past that era in US politics. We need more of our country's citizens to vote, and the best way to do that is to empower voters by letting them KNOW that their individual vote counts.

Just a little reminder--we wouldn't be in the chaotic Trump/Russia/who-else-is-involved situation if we had been using Popular Vote in 2016:

	Total Votes	% of Vote
Clinton	65,516,951	48.2%
Trump	62,844,908	46.2%
Other	7,639,968	5.6%
Total	136,001,827	100.0%
Clinton Margin	**+2,672,043**	**+2.0%**

Thanks for letting me share my opinion,
