

Good Afternoon:

I would like to go on the record as supporting a national popular vote. All votes should be equal. Candidates for office should campaign in all states, not just a select few "swing states." "Winner-take-all states in particular skew the electoral results. It is time for our nation to follow the fundamental "democratic" principle and allow democratic outcomes. It is not fair for citizens of just 12 states to elect the President of the United States.

Sincerely,
