

**HB 2927: NATIONAL POPULAR VOTE**  
**STRONGLY IN FAVOR**

**Although I'm unable to attend the committee meeting tomorrow, March 14, I would like to voice my strong support for this long-overdue bill. If approved, HB 2927, will allow for all Oregonians, no matter their political affiliations, to be heard, and have their vote counted equally in the Presidential Election.**

**There are many myths surrounding the support for the Electoral College, which essentially denies vote equity in our country. It is imperative that the leader of this democracy is voted into office based on the approval of the majority of all Americans that cast their vote.**

**Let's change the system. Please let all of our votes count. We must change this!!**

**Respectfully,**

**Teresa Pearson**
