

To: The House Rules Committee

I support HB2927 and urge the Rules Committee to support this bill.

The time has come to use the out-dated Electoral College in such a way that allows every voter's vote to count in presidential elections. An election decided by a handful of states, is not an election that is truly one citizen-one vote.

With 76% of Oregon voters in support of the National Popular Vote Interstate Compact, it is time to move HB2927 out of committee to the House floor with a do pass recommendation.

Sincerely,
