

RE: HB 2927 Enacts Interstate Compact for Agreement Among the States to Elect the President by National Popular Vote

Dear Rules Committee Members,

Historically the Electoral College was instituted to properly enfranchise smaller states. My how times change. Today the Electoral College is disenfranchising 12 smaller states. Oregon must join the 11 states already committed to the National Popular Vote.

I want the person who receives the most votes to become President of the United States.

I believe in one person, one vote, everyone's vote counting equally.

Quickly enact this measure and get back to the issues that are not as obvious as this one.

Thanks much for your work on this critical matter.
