Subject: Support SB 860!

Hi,

Please support Senate Bill 860, which begins the process of requiring insurance companies to reimburse mental health professionals in an equivalent manner to physicians. This step is critical in encouraging mental health providers to remain in the field, and provide necessary care.

Poor enforcement of mental health parity law has resulted in many of my clients being unable to obtain services who need mental health care. This is unacceptable for Oregonians.

Please stand up for this important bill!

Thank you,
