

Chair Jennifer Williamson  
Committee Members

Surely you have reprimanded the House and Senate members who wish to allow New York, Texas, and California, to make decisions for Oregon Citizens.

Not ONLY is it UnConstitutional, it decreases the value of each and every Oregon voter that may have NOTHING In Common with the values of the majority of the voters in New York or Texas ! Let THEM destroy our Natural Beauty ?

What does California know about raising livestock, or the timber industry ? Their agriculture is based around crops of that they themselves killed by halting water supply.

In Fact, the Majority Vote in those three States, DON'T even have anything in common with Each Other !

Allowing a proposal like this through the Rules Committee doesn't give Citizens confidence in the scruples, knowledge and logic required of our "Elected" to represent Oregon.
