EFFECT OF AMENDMENT:

No amendment.

BACKGROUND:

The Director of the Department of Consumer and Business Services, in which the Insurance Division is housed, is given general authority to enforce the provisions of the Insurance Code and specific authority to investigate matters, conduct hearings, and issue orders. House Bill 2858 adds greater specificity to the enforcement provisions, setting timelines in which investigations, appeals, notice, and hearings are to take place. The measure adds a private right of action that does not currently exist in the Insurance Code.
