Good Evening,

I just heard about the possibility of this life changing program could be losing funding. I have a 4 year old that is in the Growth Mindset Program in Bend Oregon. This is the first time he has been in school, and this Program has been extremely a blessing to our family. Coming from a diverse family, my child who fundamentally needs this program to ingulf his learning progress. In Addition a program that is fostering his thinking skills, and is preparing my son Nisar to be fully ready for kindergarten. Kate Tibbitts is a highly qualified teacher, who has the knowledge, patience, and passion to follow this curriculum.

Please keep this program. It is something that is fostering his problem- solving skills, encourages my little one to engage in a healthy way, by engaging in interactions that are positive and creative.

Sincerely,

Humbly ,

Angela Ahmed
